| Financial Performance Update | Highlights:  
- September 2019 membership is 2,171,636, 2,540 members unfavorable to the forecast, and 18,758 member months unfavorable for the year forecast. The forecast assumed a 3% decrease in membership for Plan Partners and a 0.50% decrease for MCLA. The auto assignment proportion will be higher (76%) due to higher HEDIS scores which will take effect in January 2020.  
- September 2019 surplus is approximately $4 million, unfavorable to the forecast by about $4 million. Staff continued to see higher fee for service claims for the month, which are unfavorable to the forecast by almost $41 million. This was offset by true-ups for both Prop 56 and Shared risk, $32 million and $15 million respectively.  
- Year to date surplus of about $237 million is $33 million behind the forecasted surplus but still a strong surplus number for the fiscal year.  
- Revenue year to date is $13 million favorable, driven by a reclassification of Seniors and People with Disabilities (SPD) members for FY 2018-19 as reported last month. Revenues are recorded based on the invoice detail payment report from the State, which contained no membership details. Staff is now using the enrollment file with membership details, which allows to identify SPD members, who have a much higher capitation rate.  
- Year to date medical expenses are unfavorable to forecast by $73 million, driven by fee for service claims and provider settlements. This was offset by favorability in capitation expense from the Prop 56 and shared risk true-up, and favorability in Pharmacy claims. Operating margin is $60 million unfavorable to forecast.  
*(Member Curry joined the meeting.)*  
- Administrative expenses are favorable to forecast by $3 million, due to timing of advertising, printing, and various vendor expenditures.  
- Non-operating income is favorable by over $23 million, driven by $16.1 million grant timing, $3.6 million investment income, and $3.2 million in unrealized gains on investments. |              |

<tr>
<td>Overall medical care ratio (MCR) is 92.2% due to higher fee for services claims. It was forecast at 91.4%. Plan Partners MCR is slightly above forecast. SPD/CCI SPD and CCI MCR is behind the forecast due to unfavorable claim trends.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>As prompted by a question from the Committee at the last meeting, Ms. Montgomery presented the administrative expenses by department. The unfavorable variances at the department level are not significant. Staff redeploy resources as needed throughout the year.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>The administrative ratio was 5.3%, equal to forecast.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Working Capital and Tangible Net Equity are ahead of benchmarks.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Cash to claims ratio is also ahead of target.</td>

  o $2.3 billion managed by Payden & Rygel and New England Asset Management  
  o $61 million in Local Agency Investment Fund  
  o $105 million in Los Angeles County Pooled Investment Fund |  |
**AGENDA ITEM/PRESENTER** | **MOTIONS / MAJOR DISCUSSIONS** | **ACTION TAKEN**
---|---|---
Language Line Contract Amendment | Richard Seidman, MD, MPH, *Chief Medical Officer*, summarized a request to amend the contract with Language Line. Since the original contract execution in April 2018, the expenditure has increased by 64% more than initial forecast. The increase is due to a higher average rate of face-to-face interpreting appointment requests from the previous year and the implementation of the Affordable Care Act Section 1557 and the California Department of Health Care Services All Plan Letter 17-011 on language assistance notification in 16-non-English languages (also known as tagline) to be accompanied with member information materials.  
Member Roybal asked if American Sign Language (ASL) is used, and if metrics kept of all issues with vendors. Margaret Macias, *Director, Health Education, Cultural & Linguistic Services*, responded yes to both.  
Member Perez asked if records are kept of members who are using the professional services rather than having family members interpret during provider visits. Ms. Macias responded that staff is promoting the use of professional interpreters instead of family members. 
Member Perez added that she would like to help make this service more attractive and available for members.  
**Motion FIN A.1219**  
To amend an existing contract with Language Line to increase total compensation from $900,000 to $1,650,000 by adding $750,000.  
Approved unanimously.
