Q: Which members are included in the sample?

A: Members 12-21 years of age who had at least one comprehensive well-care visit with a primary care practitioner or an OB/GYN practitioner in 2014.

Q: What codes are used?

A: Please reference Value Set Directory

Q: What documentation is needed in the medical record?

A: Documentation in the medical record must include a note indicating a visit with a PCP or OB/GYN practitioner, the date when the well-care visit occurred and evidence of all of the following:

- A health/interval history
- A physical developmental history
- A mental developmental history
- A physical exam
- Health education/anticipatory guidance

Q: What type of medical record is acceptable?

A:  
- PM 160/CHDP
- Progress notes/Office visit notes with dated growth chart
- Complete Physical Examination Form
- Anticipatory Guidance/Developmental Milestone Form

Q: How to improve score for this HEDIS measure?

A:  
- Use of complete and accurate Value Set
- Timely submission of claims and encounter data
- Ensure proper documentation of ALL components in the medical record for each visit where preventative services are rendered/addressed
