Summer Travel: Don’t Forget Your Medicine!

Travel creates excitement as we look forward to taking a trip to see family, friends or to visit a new place. Be prepared before you head out on the road. If you take medications, make sure you have enough to last your trip.

Tips for Getting Ready to Travel

- At least a week before traveling, check your prescriptions. If you need a refill, go to the pharmacy if you have refills left. If not, contact your doctor for a new prescription.

- Make a list of your medications by name, strength and directions. Do not pack the list in your luggage – keep it with you.

- Even if you use a pill box, keep your medications in the original container until you arrive at your destination. You can put them in your pill box then.

- Keep your medications in your carry-on bags. If checked luggage is lost or delayed, you will still have what you need. Don’t miss a dose just because you are in transit.

- If you are traveling outside the U.S., be sure your medicine is allowed in the place you are visiting.

- Always travel with your medical insurance card.

- If you run out of your medicine or lose it, call L.A. Care at 1.888.522.1298 (TTY 711).

To find out more about the L.A. Care list of covered drugs called the Formulary, and monthly updates, visit the L.A. Care website at lacare.org. You will also find information about limits or quotas, generic and brand medications, restrictions on medication coverage, the request process, drug preferences, and how to use the Formulary.
Coping With Stress

Q: **What is stress?**

A: Stress is the body’s physical and emotional response to a demand, change or challenge. A little bit of stress may be healthy and normal to help us stay motivated. It can be caused by work, family or health situations – good or bad. Long-term stress can be harmful to your health and relationships. Symptoms may include emotional outbursts or shortness of temper, headaches, muscle tension, sleep problems, and upset stomach. Know your symptoms of stress and triggers - situations that cause you to feel anxious.

Q: **How can I manage stress?**

A: Recognizing your symptoms and triggers are the first steps in managing stress. Here are some ways to help you cope with stress:

**Plan and Prepare**

Planning and preparing ahead of time will help you be ready to handle tasks and relax. Give yourself enough time and arrive early to appointments.

**Live Healthy**

Eat vegetables, fruits, whole grains, low-fat dairy, and lean protein. Drink water. Get moderate exercise daily and 7-8 hours of sleep nightly. Avoid drinking too much alcohol or using illegal drugs.

**Relaxation Activities**

Do relaxing activities that you enjoy such as walking, reading, playing an instrument, meditating, bicycling or gardening. Exercising can help release stress and make you more relaxed afterwards.

**Seek Support and Help**

Behavioral health services are included as part of your L.A. Care benefits. If your stress is unmanageable, schedule an appointment to talk to your primary care physician (PCP). You may be referred for additional help. You can also contact L.A. Care’s behavioral health partner, Beacon Health Options at 1.877.344.2858 (TTY 1.800.735.2929).

Don’t wait. Don’t stress. Test.

Chlamydia is a sexually transmitted disease (STD). It is very common and can infect both men and women. Most people with chlamydia have no symptoms. The only way to know for sure if you have chlamydia is to get tested, which is easy and painless with a simple urine test.

Sexually active women under 25 years old need to get tested **each year**. Adults older than age 25, should talk to their doctor about how often they need to get tested.

Drink Your H₂O

It's summer! You may be spending time in the sun and sweating more. Without proper hydration, you can get overheated. Make sure you stay hydrated by drinking lots of water. Sugar-sweetened drinks can have a lot of calories and can cause weight gain. Water has no calories and is the best way to keep your body hydrated. Try to drink 8-12 cups of water daily. Adding a few slices of lemon, a sliced strawberry, or an herb can make water more tasty and fun to drink.

LOL Water
Ingredients:
- 2 slices lemon
- 1 slice orange
- Ice

Place ice and slices of fruits in a glass. Fill with water and enjoy.

Cucumber Mint Breeze
Ingredients:
- ½ cup sliced cucumbers
- 1-2 sprigs of fresh mint
- Ice

Fill a pitcher halfway with ice. Add cucumbers and mint. Fill with water and chill for at least 20 minutes. Store in refrigerator and drink within 24 hours.

Eat a Rainbow!

Salads are a cool way to eat your vegetables when it's hot outside. Buying in season also helps save money. Choose your favorite summer vegetables!

Avocados  Carrots  Cucumbers  Lima beans  Tomatillos
Beets  Celery  Eggplant  Okra  Tomatoes
Bell peppers  Corn  Green beans  Summer squash  Zucchini

Try this colorful salad recipe. Making your own dressing is easy and will have less salt and sugar than in a store-bought salad dressing.

Green and Red Salad

Ingredients:
- 8 cups salad greens (baby spinach, spring mix, or lettuce mix), torn into bite-sized pieces
- 2 cups sliced strawberries
- 1½ tablespoons strawberry or raspberry jam
- ¼ cup 100% orange juice
- 2 teaspoons olive, canola, or vegetable oil
- Pinch of salt & black pepper
- ½ cup sliced almonds

Preparation:
1. Put salad greens and strawberries in a large bowl.
2. Whisk together jam, juice, oil, salt, and black pepper.

Makes 4 servings - 2 cups per serving.

Medical Identity Theft: How to Keep Yourself Safe

If someone gets your medical ID or Social Security number, you could become a victim of medical identity theft. They can use it to see the doctor, buy prescription drugs, or submit fake bills in your name. Your credit rating and your health could also be harmed by medical identity theft. If false information gets into your medical records, you may get the wrong treatment.

Tips to protect yourself against medical identity theft include:

- Do not trust strangers who offer free or discounted medical services.
- File paperwork and shred what you do not need.
- Keep your insurance and Social Security numbers safe.
- Never share your information with persons who say they are bill collectors. If they really are bill collectors, they will already have your information.
- Review your medical bills and statements (if any) and/or your Explanation of Benefits. Check for items or services you did not receive. If you see something strange or wrong, call your health care provider.

If you have questions about your bill and/or Explanation of Benefits or think there is a mistake, please call L.A. Care Member Services at 1.888.522.1298 (TTY 711) 24 hours a day, 7 days a week and holidays.
