

January 23, 2019

Dear Participating Hospital,

This is an update on the distribution of the files with the contracted services information (“C” or “N”) flagged by L.A. Care Health Plan. As you may be aware, this is a component of the Private Hospital Directed Payment Program which we discussed in our PHDP Information Exchange Forum (Webinar) last Thursday, January 17, 2019.

Unfortunately, we discovered an issue in the generation of our files which required us to re-do them. We expect to begin disseminating the updated files by tomorrow morning.

We sincerely apologize for the delay in getting this information to you. We will be following up with additional communication(s) in the coming days regarding our timeline, as our original deadline of January 25, 2019 will need to be extended.

For any questions pertaining to PHDP or the contents of this notification, please contact PNMProjects@lacare.org.

Thank you,

Provider Communications
