This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, visit lacare.org/members/welcome-la-care/member-documents/la-care-covered or call 1-855-270-2327 (TTY 711). Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$8,150 individual or \$16,300 family.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Family, physician, and specialist office visits, preventive care, and other services not subject to deductible.	This plan covers some items and services even if you haven't yet met the deductible amount, but a copayment or coinsurance may apply.
Are there other deductibles for specific services?	\$500 individual or \$1,000 family for prescription drug coverage . There are no other specific deductibles.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	\$8,150 individual or \$16,300 family. Per calendar year	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See lacare.org or call 1-855-270-2327 (TTY 711) for a list of participating providers .	This plan uses a provider network . You will pay less if you use a participating provider in the plan's network . You will pay the most if you use a non-participating provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your participating provider might use a non-participating provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	Yes. Your Primary Care Physician (PCP) needs to refer you.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist .
