A Helpful Guide to Your Health Care Benefits

2024

January 1, 2024 - December 31, 2024

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, call **1-855-270-2327** or visit us at lacare.org for information. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other [underlined](#) terms, see the Glossary. You can view the Glossary at healthcare.gov/sbc-glossary or call **1-855-270-2327** to request a copy.

| Important Questions | Answers | Why This Matters: |
|---|---|---|
| What is the overall deductible ? | \$9,450 individual / \$18,900 family. Per calendar year | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . |
| Are there services covered before you meet your deductible ? | Yes. Family, physician, and specialist office visits, preventive care , and other services not subject to deductible . | This plan covers some items and services even if you haven't yet met the deductible amount, but a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ . |
| Are there other deductibles for specific services? | No | You don't have to meet deductibles for specific services. |
| What is the out-of-pocket limit for this plan ? | \$9,450 individual / \$18,900 family. | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| What is not included in the out-of-pocket limit ? | Premiums , balance billing , and health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limits . |
| Will you pay less if you use a network provider ? | Yes. See lacare.org or call 1-855-270-2327 (TTY 711) for a list of network providers . | This plan uses a provider network . You will pay less if you use a participating provider in the plan's network . You will pay the most if you use a non-participating provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your participating provider might use a non-participating provider for some services (such as lab work). Check with your provider before you get services. |
| Do you need a referral to see a specialist ? | Yes. | This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist . |

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.

Summary of Benefits Endnotes:

- 1) Any and all cost-sharing payments for in-network covered services apply to the out-of-pocket maximum. If a deductible applies to the service, cost sharing payments for all in-network services accumulate toward the deductible. In-network services include services provided by an out-of-network provider but are approved as in-network by the issuer.
- 2) Member is responsible for all charges when receiving out-of-network care, unless services rendered are deemed a medical emergency or services rendered are approved by the Plan. In some cases, a non-plan provider may provide covered services at an in-network facility where you have been authorized to receive care. You are not responsible for any amounts beyond your cost share for the covered services you receive at plan facilities or at in-network facilities where you have been authorized to receive care.
- 3) Cost-sharing payments for drugs that are not on-formulary but are approved as exceptions accumulate toward the Plan's in-network out-of-pocket maximum.
- 4) In coverage other than self-only coverage, an individual's payment toward a deductible, if required, is limited to the individual annual deductible amount. In coverage other than self-only coverage, an individual's out-of-pocket contribution is limited to the individual's annual out-of-pocket maximum. After a family satisfies the family out-of-pocket maximum, the issuer pays all costs for covered services for all family members.
- 5) Co-payments may never exceed the plan's actual cost of the service. For example, if laboratory tests cost less than the \$45 copayment, the lesser amount is the applicable cost-sharing amount.
- 6) Coverage for transportation by airplane, passenger car, taxi or other form of public transportation is not covered.
- 7) The health issuer may not impose a member cost share for Diabetes Self-Management which is defined as services that are provided for diabetic outpatient self-management training, education and medical nutrition therapy to enable a member to properly use the devices, equipment, medication, and supplies, and any additional outpatient self-management training, education, and medical nutrition therapy when directed or prescribed by the member's physician. This includes but is not limited to instruction that will enable diabetic patients and their families to gain an understanding of the diabetic disease process, and the daily management of diabetic therapy, in order to avoid frequent hospitalizations and complications.
- 8) The cost sharing for hospice services applies regardless of the place of service.
- 9) The inpatient physician cost share may apply for any physician who bills separately from the facility (e.g. surgeon). A member's primary care physician or specialist may apply the office visit cost share when conducting a visit to the member in a hospital or skilled nursing facility. If the facility does not bill the facility fee and the physician/surgeon fee separately, the cost-sharing requirements for the facility fee will apply to the entire charge.
- 10) The Outpatient Visit line item within the Outpatient Services category includes but is not limited to the following types of outpatient visits: outpatient chemotherapy, outpatient radiation, outpatient infusion therapy and outpatient dialysis and similar outpatient services.
- 11) Where indicated, the deductible is waived for the first three non-preventive visits combined, which may include office visits, urgent care visits or outpatient Mental Health/Substance Use Disorder visits.
- 12) Initial outpatient/office visit to diagnose or determine treatment does not require prior authorization. Routine office-based outpatient care to diagnose or treat mental health or substance use disorders does not require pre-authorization when rendered by an in-network provider. There is no limit on the number of outpatient/office visits.
- 13) Covered California may approve deviations from the benefit plan designs for certain services on a case by case basis if necessary to comply with the California Mental Health Parity Act or federal Mental Health Parity and Addiction Equity Act (MHPAEA)
- 14) Residential substance abuse treatment that employs highly intensive and varied therapeutics in a highly-structured environment and occurs in settings including, but not limited to, community residential rehabilitation, case management, and aftercare programs, is categorized as substance use disorder inpatient services.

- 15) Outpatient Partial Hospitalization Services include short-term hospital-based intensive outpatient care. For Outpatient Partial Hospitalization Services, an episode of care is the date from which the patient is admitted to the Partial Hospitalization Program and ends on the date the patient is discharged or leaves the Partial Hospitalization Program. Any Services received between these two dates would constitute an episode of care. If the patient needs to be readmitted at a later date, then this would constitute another episode of care.
- 16) Behavioral health treatment for autism and pervasive developmental disorder is covered under Mental/Behavioral health outpatient services.
- 17) For drugs to treat an illness or condition the copay or co-insurance applies to an up to 30-day prescription supply. For example, if the prescription is for a month's supply, one co-pay or co-insurance can be collected. Nothing in this note precludes an issuer from offering mail order prescriptions at a reduced cost-share.
- 18) Drug tiers are defined as follows:

| Tier | Definition |
|------|---|
| 1 | 1) Most generic drugs and low cost preferred brands. |
| 2 | 1) Non-preferred generic drugs |
| | 2) Preferred brand name drugs and; 3) Any other drugs recommended by the plan's pharmaceutical and therapeutics (P&T) committee based on drug safety, efficacy and cost. |
| 3 | 1) Non-preferred brand name drugs or; |
| | 2) Drugs that are recommended by P&T committee based on drug safety, efficacy and cost or; |
| | 3) Generally have a preferred and often less costly therapeutic alternative at a lower tier. |
| 4 | 1) Drugs that are biologics and drugs that the Food and Drug Administration (FDA) or drug manufacturer requires to be distributed through specialty pharmacies ; |
| | 2) Drugs that require the enrollee to have special training or clinical monitoring; |
| | 3) Drugs that cost the health plan (net of rebates) more than six hundred dollars (\$600) net of rebates for a one-month supply. |

*Some drugs may be subject to zero cost-sharing under the preventive care rules.

- 19) Issuers must comply with 45 CFR Section 156.122(d) dated February 27, 2015 which requires the health plan to publish an up-to-date, accurate and complete list of all covered drugs on its formulary list including any tiering structure that is adopted.
- 20) A plan's formulary must include a clear written description of the exception process that an enrollee could use to obtain coverage of a drug that is not included on the plan's formulary.
- 21) Member cost-share for oral anti-cancer drugs shall not exceed \$250 for a script of up to 30 days per state law (Health and Safety Code §1367.656 Insurance Code §10123.206).
- 22) If a provider authorizes a Brand Name drug that is not deemed medically necessary by the Plan, the Member has the choice of accepting a Generic Drug alternative, or the Member is responsible to pay their applicable copay for the Brand Name drug equivalent.
- 23) For all FDA-approved smoking cessation medications, no limits on the number of days for the course of treatment (either alone or in combination) may be imposed during the plan year.
- 24) There is no co-payment or orifessuion for contraceptive drugs and devices, however, if a Brand Name contraceptive drug is requested when a Generic Drug equivalent is available, the Member is responsible to pay their applicable copay for the Brand Name contraceptive drug equivalent. In addition, select contraceptives may require prior authorization to be covered without a co-payment or Coinsurance.
- 25) The Other Practitioner category may include Nurse Practitioners, Certified Nurse Midwives, Physical Therapists, Occupational Therapists, Respiratory Therapists, Clinical Psychologists, Speech and Language Therapists, Licensed Clinical Social Worker, Marriage and Family Therapists, Applied Behavior Analysis Therapists, Podiatrists, acupuncture practitioners, Registered Dieticians and other nutrition advisors. Nothing in this note precludes a plan from using another comparable benefit category other than specialist for a service provided by one of these practitioners. Services provided by specialists for the treatment of mental health or substance use disorder conditions shall be categorized as Mental/Behavioral Health and Substance Use Disorder outpatient services.

- 26) Specialists are physicians with a specialty as follows: allergy, anesthesiology, dermatology, cardiology and other internal medicine specialists, neonatology, neurology, oncology, ophthalmology, orthopedics, pathology, psychiatry, radiology, any surgical specialty, otolaryngology, urology, and other designated as appropriate.
- 27) This includes pacemakers, intraocular lenses, cochlear implants, osseointegrated hearing devices, and hip joints.
- 28) Well vision exam, frames and lenses available once per calendar year. Lenses include single vision, lined bifocal or lenticular, polycarbonate, plastic or glass covered in full, UV and scratch covered in full. Frames from a Pediatric Exchange Collection covered in full. Contact lenses, in lieu of glasses are covered in full. Standard, one pair annually. Monthly (6-month supply), Bi-weekly (3-month supply) and Dailies (1-month supply). Limitations include the following: two pairs of glasses instead of bifocals, replacement of lenses, frames or contacts, medical or surgical treatment, orthoptics, vision training or supplemental testing. Items not covered under contact lens coverage: insurance policies or service agreements, artistically painted or non-prescription lenses, additional office visits for contact lens pathology and contact lens modification, polishing or cleaning. Laser vision correction discount, 15% off of regular price or 5% off of promotional price; discounts only available from contracted facilities.
- 29) As applicable, for the child dental portion of the benefit design, an issuer may choose the child dental standard benefit copay or coinsurance design, regardless of whether the issuer selects the copay or the coinsurance design for the non-dental portion of the benefit design. In the Catastrophic plan, the deductible must apply to non- preventive child dental benefits.
- 30) A health plan benefit design that utilizes the child dental standard benefit copay design must adhere to the Covered California 2024 Dental Copay Schedule.
- 31) Member cost share for Medically Necessary Orthodontia services applies to course of treatment, not individual benefit years within a multi-year course of treatment. This member cost share applies to the course of treatment as long as the member remains enrolled in the plan.
- 32) For any benefit plan design in which a designation of Individual-Only or CCSB-Only is not present, the benefit plan design shall be applicable to the individual and small group markets. If a health plan seeks to offer such benefit plan design(s) in both markets, they shall be treated as separate benefit plan designs for purposes of regulatory compliance.
- 33) Cost-sharing terms and accumulation requirements for non-Essential Health Benefits that are covered services are not addressed by these Patient-Centered Benefit Plan Designs.
- 34) Mental Health/Substance Use Disorder Other Outpatient Items and Services include, but are not limited to, partial hospitalization, multidisciplinary intensive outpatient psychiatric treatment, day treatment programs, intensive outpatient programs, behavioral health treatment for PDD/autism delivered at home, and other outpatient intermediate services that fall between inpatient care and regular outpatient office visits.
- 35) The out-of-pocket maximum in the Bronze HDHP shall not exceed the maximum out-of-pocket limit specified by the IRS in its revenue procedure for the 2024 calendar year for inflation adjusted amounts for HDHPs linked to Health Savings Accounts (HSAs), issued pursuant to section 26 U.S.C Section 223.

No-cost interpreting services

You have the right to no-cost interpreting services when getting health care services. L.A. Care offers no-cost interpreting services in your language, including American Sign Language. These services are available 24 hours a day, seven (7) days a week. It is important to use a professional interpreter at your doctor appointment to help you communicate with your doctor so that you understand your health and how to take care of yourself. The professional interpreter is trained and knows medical words and will interpret everything that is said between you and your doctor, correctly and completely. The interpreter keeps your conversation with your doctor confidential and private. You should not use friends or family, especially children to interpret for you. Call L.A. Care Member Services at **1.855.270.2327** (TTY **711** if you are deaf or hard of hearing) if you need interpreting services. We can assist you in your language over the phone and make sure that you have an interpreter for your next appointment. To request an interpreter:

Step 1: Make your appointment with your doctor

Step 2: Call L.A. Care Member Services at **1.855.270.2327** (TTY **711** if you are deaf or hard of hearing) at least ten business days before your appointment with the following information:

- Your name
- Your member ID number
- Date and time of your appointment
- Doctor's name
- Doctor's address and phone number

If your appointment with your doctor is changed or canceled, call L.A. Care Member Services at **1.855.270.2327** (TTY **711** if you are deaf or hard of hearing) as soon as possible.

Access information for people with disabilities

Many doctors' offices and clinics have accommodations that make medical visits easier for people with disabilities such as accessible parking spaces, ramps, large exam rooms, and wheelchair friendly scales. You can find doctors with such accommodations in the Provider Directory. L.A. Care Member Services can also help you locate a doctor who can meet your special needs.

A doctor's office, clinic or hospital cannot deny you services because you have disabilities. Call L.A. Care Member Services at **1.855.270.2327** (TTY **711** if you are deaf or hard of hearing) if you cannot get the services you need or if services you need are difficult to get.

Remember: Tell your doctor's office if you may require additional time during your visit, because you need extra help.

Complaints

You have the right to file a complaint if:

- You feel that you were denied services because of a disability or you do not speak English
- You cannot get an interpreter
- You have a complaint about the interpreter
- You cannot get information in your language or format
- Your cultural needs are not met

You can learn more about this in the "Grievance & Appeals" section of this *Subscriber Agreement* & *Member Handbook*.

Service Area

The Service Area for L.A. Care Covered *Direct*[™] is Los Angeles County (excluding Catalina Island). You and your Eligible Dependents must live in the Service Area and must select or be assigned to a PCP who is located sufficiently close to your home or workplace to ensure reasonable access to care, as determined by L.A. Care. Upon change of residence outside L.A. Care's Service Area, your coverage under L.A. Care Covered *Direct*[™] will terminate.

If you travel outside of Los Angeles County

As a member of L.A. Care Covered *Direct*[™], your service area is Los Angeles County (excluding Catalina Island). All locations outside of Los Angeles County (including outside the United States) are out of your service area. Routine care is not covered out of service area. Emergency and urgent care services are covered outside of Los Angeles County.

Outside of Los Angeles County?

If you have an emergency when you are not in Los Angeles County, you can get emergency services at the nearest emergency facility (doctor's office, clinic, or hospital) including when traveling outside of California or the United States. Emergency services do not require a referral or an okay from your PCP. If you are admitted to a hospital not in L.A. Care's network or to a hospital your PCP or other doctor does not work at, L.A. Care has the right to move you to a network hospital as soon as you are medically safe. Your PCP must provide follow-up care when you leave the hospital. Please see the "Emergency Services" section for more details on emergency care.

Timely Access to Care

California law requires health plans to provide timely access to care. This means that there are limits on how long you have to wait to get health care appointments and telephone advice.

If you have a problem getting timely access to care, you should call L.A. Care Covered *Direct*[™] at the phone number located on your ID Card. If L.A. Care Covered *Direct*[™] is not able to resolve your problem, contact the DMHC Help Center at www.HealthHelp.ca.gov or **1.888.466.2219**.

Appointment Wait Times

Health plan members have the right to appointments for medical care and mental health or substance use disorder care within the following time frames:

| Urgent Appointments | Wait Time |
|---|-------------------|
| For services that do not require prior approval | 48 hours |
| For services that do require prior approval | 96 hours |
| Routine Appointments | Wait Time |
| Primary care appointment | 10 business days |
| Specialist appointment | 15 business days |
| Appointment with a mental health or substance use disorder care provider (who is not a physician) | 10 business days* |
| Appointment for other services to diagnose or treat a health condition | 15 business days |

*This is not intended to limit follow-up appointments to once every 10 business days.

Telephone Wait Times

- You can call 24-hours-a-day, 7 days a week to talk to a qualified health professional to decide if your health problem is urgent. If someone needs to call you back, they must call you within 30 minutes. Look for the phone number on your ID card.
- If you call L.A. Care Member Services at **1.855.270.2327** (TTY **711** if you are deaf or hard of hearing) someone should answer the phone within 10 minutes during normal business hours.

Exceptions

- The purpose of the timely access law is to make sure you get the care you need. Sometimes you need appointments even sooner than the law requires.
- In this case, your doctor can request that the appointment be sooner.
- Sometimes waiting longer for care is not a problem.
- Your provider may give you a longer wait time if it would not be harmful to your health. It must be noted in your record that a longer wait time will not be harmful to your health.
- If you can't get a timely appointment in your area because there are not enough providers, your health plan must help you get an appointment with an appropriate provider.

Please contact L.A. Care's Nurse Advice Line at **1.800.249.3619**, 24 hours a day, 7 days a week, to access triage or screening services by telephone.

How to Get Care

Please read the following information so that you will know how and where to get care.

Primary Care Physician (PCP)

Please read the following information so you will know from whom or what group of providers, health care may be obtained. All L.A. Care Members must have a Primary Care Physician (PCP). The name and phone number of your PCP is found on your L.A. Care Member ID card. Except for emergency services, your PCP will arrange all your health care needs, refer you to specialists, and make hospital arrangements. Each PCP works with a Participating Provider Group (PPG), which is another name for medical group. Each PPG works with certain specialists, hospitals, and other health care providers. The PCP you choose determines which health care providers are available to you.

What is the difference between an Enrollee and an Enrolled Dependent?

While both are Members of L.A. Care, there's a difference between an Enrollee and an Enrolled Dependent. An Enrollee is the Member who enrolled with L.A. Care after being determined eligible by L.A. Care. The Enrollee pays the monthly premiums to L.A. Care for their health care coverage for themselves and any Enrolled Dependent(s). An Enrolled Dependent is someone, such as a child, whose dependent status with the Enrollee allows them to be a Member of L.A. Care.

Why point out the difference? Because Enrollees often have special responsibilities, including sharing benefit updates with any Enrolled Dependent(s). Enrollees also have special responsibilities that are noted throughout this publication. If you're an Enrollee, please pay attention to any instructions given specifically for you.

Scheduling Appointments

Step 1: Call your PCP

Step 2: Explain why you called

Step 3: Ask for an appointment

Your PCP's office staff will tell you when to come in and how much time you will need with your PCP. (Please see the "Summary of Benefits" section to know which services require co-payments).

Clinic and doctor appointments are generally available Monday through Friday between 8:00 a.m. and 4:30 p.m. Evening and Saturday clinic/doctor office appointments may be available at some L.A. Care sites. Please call your PCP office to confirm their hours or you may check our online Provider Directory, which is available on lacare.org.

If you need medical advice during clinic/doctor office hours, you may call your PCP and speak to them or call L.A. Care's Nurse Advice line at **1.800.249.3619**. If you need care when your PCP's office is closed (such as after normal business hours, on the weekends or holidays), call your PCP's office. Ask to speak to your PCP or to the doctor on call. A doctor will call you back.

You can also call the Nurse Advice Line number that is on your Member ID card. This service is available to you 24 hours a day, seven (7) days a week, to help answer your health care questions and have your health concerns and symptoms reviewed by a registered nurse. This service is free of charge and available to you in your language. The PCP or L.A. Care nurse will answer your questions and help you decide if you need to come into the clinic/doctor's office.

For urgent care (this is when a condition, illness or injury is not-life threatening, but needs medical care right away), call or go to your nearest urgent care center. Many of L.A. Care's doctors have urgent care hours in the evening, on weekends or during holidays. You can also seek urgent care through MinuteClinic[™] retail clinics located in select CVS pharmacies in L.A. County and through Teladoc[™] telehealth services (For more information refer to page 20 "Retail Clinics" and "Telehealth Services").

If you cannot come in for your appointment, you should call as far ahead as possible to let the clinic or doctor's office know. You can schedule another appointment at that time. Waiting time for an appointment may be extended if the provider determines that a longer waiting time will not have a detrimental impact on your health. The rescheduling time of appointments shall be appropriate for your health care needs and shall ensure continuity of care.

L.A. Care will provide or arrange for 24 hours a day, 7 days a week, triage or screening services by telephone. Telephone triage or screening services waiting time will not exceed 30 minutes.

L.A. Care will ensure that all health providers have an answering service or answering machine during non-business hours that provide urgent or emergency care instructions to contact the on-call health provider.

How to change your PCP

Each member of your household that is enrolled with L.A. Care Covered *Direct*[™] may select a different PCP. Upon enrollment, you should contact L.A. Care Member Services at **1.855.270.2327** (TTY 711 if you are deaf or hard of hearing) to select a PCP. If you and your Enrolled Dependent(s) did not actively select a PCP after enrolling, L.A. Care assigned a PCP to each of you based on the following criteria:

- The language you speak;
- The distance to a PCP office near your house. We try to assign you a PCP within 10 miles; and
- The PCP's specialty most appropriate for the Member's age.

If you would like to change your or your Enrolled Dependent's PCP, please call L.A. Care Member Services at **1.855.270.2327** (TTY 711 if you are deaf or hard of hearing) You may also make this change by visiting our website at lacare.org and do the following:

- Click on **Member Sign in**
- Click on **Change My Doctor**
- Follow the instructions to change your doctor.
- The request must be received by the 20th day of the month to be effective the first day of the next month. If the request is received after the 20th day of the month, the change may not be effective until the first day of the following month.
- If your new PCP works with a different PPG, this may also change the hospitals, specialists, and other health care providers from whom you may receive health care.

How to Get Information about Doctors and Specialists Who Work with L.A. Care

We are proud of our doctors and their professional training. If you have questions about the professional qualifications of network doctors and specialists, call L.A. Care at **1.855.270.2327** (TTY 711 if you are deaf or hard of hearing). L.A. Care can tell you about the medical school they attended, their residency, or board certification.

Health Appraisal

When you enroll with L.A. Care Covered Direct™, it is important that we understand how we can be of assistance to you. Your Welcome Packet contains a form called Health Appraisal (HA). The HA includes questions that help us to better know your health care needs and how we can be of assistance to you. The information you provide will be kept confidential and shared only with your PCP or your care team. **It is important that you complete the Health Appraisal in the first four (4) months or 120 days of becoming a L.A. Care Covered Direct™ Member. Adults who successfully complete their HA within 120 days, may be eligible to receive a \$25 Target GiftCard®.**

You can complete your Health Appraisal online by logging into your online member account at lacare.org. For more information about how to complete your HA, please call L.A. Care Member Services at **1.855.270.2327 (TTY 711 if you are deaf or hard of hearing)**.

New Member Check Up

It is important for new Members to get a checkup even if they are not sick. **Be sure to schedule a checkup within the first three (3) months of becoming an L.A. Care Covered Direct™ Member. Please call your PCP today to make an appointment for a “new member checkup.”** This visit is also called a “well visit” or “preventive health visit.” There is no co-pay for this visit. Your PCP’s telephone number is on your L.A. Care Member ID card. This first visit is important. Your PCP looks at your medical history, finds out what your health status is today, and can begin any new treatment you might need. You and your PCP will also talk about preventive care. This is care that helps “prevent” you from getting sick or keeps certain conditions from getting worse. Remember, children need to get a checkup every year, even when they are not sick, to make sure they are healthy and growing properly.

Obstetrical/Gynecological (OB/GYN) Physician Services

A female Member may arrange for obstetrical and/ or gynecological (OB/GYN) services by an obstetrician/ gynecologist or family practice physician who is not her designated personal physician. A referral from your PCP or from the affiliated PPG is not needed. However, the obstetrician/gynecologist or family practice physician must be in the same PPG your PCP is in. Obstetrical and gynecological services are defined as:

- Physician services related to prenatal, perinatal, and postnatal (pregnancy) care
- Physician services provided to diagnose and treat disorders of the female reproductive system and genitalia
- Physician services for treatment of disorders of the breast
- Routine annual gynecological examinations

It is important to note that services by an OB/ GYN or family practice physician outside of the PCP’s medical group without authorization will not be covered under this benefit plan. Before making the appointment, you should call your PCP office or Member Services at the telephone number indicated on your Member ID card to confirm that the OB/ GYN is in the PPG. The OB/GYN physician services are separate from the specialist services described below under “Referrals to Specialty Physicians.”

Referrals and Prior Authorizations

A referral is a request for health care services that are not usually provided by your PCP. All health care services must be approved by your PCP’s PPG before you get them. This is called prior authorization. Prior authorization is required for some in-network and all out-of-network providers. There are different types of referral requests with different timeframes as follows:

- Routine or regular referral – 5 business days
- Urgent referral – 24 to 48 hours
- Emergency referral – same day

Please call L.A. Care if you do not get a response within the above time frames.

The following services do not require prior authorization:

- Emergency services (go to “Emergency Care Services” section for more information)
- Preventive health services (including immunizations)
- Obstetrician and gynecological services in-network
- Sexual and reproductive health care services in network

If the services that you need are not available from a provider within the L.A. Care provider network, you may be referred to a provider outside of the L.A. Care Provider Network. All services from an approved referral to an out of network provider will be covered at the same cost sharing as they would be if they were provided by an in-network provider. Such referrals will be made in a timely manner, consistent with the standards defined above.

All health care services are reviewed, approved, or denied according to medical necessity. Call L.A. Care Member Services if you would like a copy of the policies and procedures used to decide if a service is medically necessary. The number is **1.855.270.2327 (TTY 711 if you are deaf or hard of hearing)**.

Behavioral Health Services

Behavioral Health Services includes treatment for Mental Health and Substance Use Disorder conditions. Your PCP will provide you with some Behavioral Health Services within the scope of their training and practice. When you need Behavioral Health Services beyond your PCP’s training and practice you will be directed to behavioral health specialists. Behavioral health services include treatment for pre and post-partum maternal mental health. Your PCP or you can call Carelon Behavioral Health, L.A. Care’s Behavioral Health vendor at **1.877.344.2858/1.800.735.2929 TTY/TDD** (if you are deaf or hard of hearing) to get an appointment.

For more information on Behavioral Health services, please call the L.A. Care's Behavioral Health vendor, Carelon Behavioral Health at **1.877.344.2858/1.800.735.2929** TTY/TDD, if you are deaf or hard of hearing.

Referrals to Specialty Physicians

Specialists are doctors with training, knowledge, and practice in one area of medicine. For example, a cardiologist is a heart specialist and who has years of special training to deal with heart problems. Your PCP will ask for prior authorization if they think you should see a specialist.

Referral to Non-physician Providers

You may get services from non-physician providers who work in your PCP's office. Non-physician providers may include, but are not limited to, clinical social workers, family therapists, nurse practitioners, and physician assistants.

Standing Referrals

You may have a chronic, life-threatening or disabling condition or disease such as HIV/AIDS. If so, you may need to see a specialist or qualified health care professional for a long length of time. Your PCP may suggest, or you may ask for, what is called a standing referral.

A standing referral to a specialist or qualified health care professional needs prior authorization. With a standing referral, you will not need authorization every time you want to visit the specialist or qualified health care professional. You may ask for a standing referral to a specialist that works with your PCP or with a contracted specialty care center.

The specialist or qualified health care professional will develop a treatment plan for you. The treatment plan will show how often you need to be seen.

Once the treatment plan is approved, the specialist or qualified health care professional will be authorized to provide health services. The specialist will provide health services in their area of expertise and training and based on the treatment plan.

Second Opinions

What is a second opinion?

A second opinion is a visit with another doctor when you:

- Question a diagnosis, or
- Do not agree with the PCP's treatment plan, or
- Would like to confirm the treatment plan.

The second opinion must be from a qualified health care professional in L.A. Care's or your PPG's network. If there is no qualified health care professional in the network, L.A. Care or your PPG will make arrangements for one. You have the right to ask for and to get a second opinion and to ask for timeliness for making routine and urgent opinions available.

What do you need to do?

Step 1: Talk to your PCP or L.A. Care and let them know you would like to see another doctor and the reason why.

Step 2: Your PCP or L.A. Care will refer you to a qualified health care professional.

Step 3: Call the second opinion doctor to make an appointment.

If you do not agree with the second opinion, you may file a grievance with L.A. Care. Please refer to the section *Grievance and Appeals* for more information.

How to Find a Pharmacy

L.A. Care works with many pharmacies. You can receive a 90-day supply of maintenance medications at certain network pharmacies. Ask your doctor to write a 90-day prescription. The drugs prescribed by your PCP or specialist must be filled at a network pharmacy.

To find a pharmacy near you:

Visit the L.A. Care website at **lacare.org** to find a L.A. Care network pharmacy in your neighborhood. Click on each of the following:

- **For Members**
- **Pharmacy Services**
- **Search Now** in the **Find a Pharmacy** section

Be sure to show your L.A. Care Member ID card when you fill your prescriptions at the pharmacy.

Some medications are subject to limited distribution by the U.S. Food and Drug Administration or require special handling, provider coordination, or special education that cannot be provided at your local pharmacy. Antineoplastic and biologic agents are examples of such specialty medications and are identified in the Formulary with a special code SP – (Specialty Pharmacy Availability), MSP (Mandatory Specialty Pharmacy), LMSP (Mandatory Lumicera Specialty Pharmacy). You may refer to the Formulary by visiting L.A. Care's website lacare.org for information on whether a medication must be filled at a specialty pharmacy. Click on each of the following:

- **Resources: L.A. Care Covered Direct Formulary**

You may also call Member Services at **1.855.270.2327 (TTY 711 if you are deaf or hard of hearing)**.

Some medications require special handling and require that they be processed and mailed to you by an L.A. Care contracted specialty pharmacy.

Mail Order Pharmacy

Mail-order service allows you to get up to a 90-day supply of your maintenance medications. Maintenance medications are drugs that may need to be taken for a long-term health condition, such as high blood pressure or diabetes. For more information on how to set up a mail-order account or to order refill(s) for an unexpired prescription, call Member Services at **1.855.270.2327 (TTY 711 if you are deaf or hard of hearing)** or visiting L.A. Care's website, lacare.org. Click on each of the following:

- **For Members**
- **Pharmacy Services**
- **Mail Order Pharmacy Form**

If the medication(s) has (have) no refill(s) remaining, you will need to obtain a new prescription from your doctor or other prescriber. Mail order is an optional and free service if you choose to use it.

What drugs are covered?

L.A. Care uses an approved list of drugs called the Formulary to make sure that the most appropriate, safe, and effective prescription medications are available to you. L.A. Care covers all medically necessary drugs on the Formulary if your doctor or other prescriber says you need them to get better or stay healthy, and you fill the prescription at a L.A. Care network pharmacy. Drugs that are not on the Formulary require that your doctor or other prescriber get approval before you fill the prescription. Please refer to the section Non-Formulary Drugs. The Formulary is reviewed and approved by a committee of physicians and pharmacists on a quarterly basis and includes generic, brand name, and specialty drugs covered under the prescription drug benefit. You can view the Formulary on L.A. Care's website, lacare.org, and click on each of the following:

- **For Members**
- **Pharmacy Services**
- **L.A. Care Covered Direct™ Formulary**

If a previously approved drug is removed from the Formulary, but your doctor is currently prescribing it to you, L.A. Care will continue to cover the medication as long as the drug is appropriately prescribed and is considered safe and effective for treating your medical condition. To obtain authorization for continuing coverage, please refer to the process described in the “Non-formulary Drugs” section in this handbook.

For details regarding prescription drug cost sharing or prior authorization requirements you can access real time information via L.A. Care's online formulary available through our member portal, L.A. Care Connect. You can also call L.A. Care Member Services at **1.855.270.2327** (if you are deaf or hard of hearing) to ask for a copy of the formulary. You may also request a copy of the formulary in your preferred language or format such as large print or audio.

Pharmacy Co-Payments

L.A. Care covers generic, brand name, and specialty drugs. You are responsible for a co-payment for each drug filled at the pharmacy. The amount of your co-payment depends on the drug category and/or Tier indicated on the formulary (example: Tier 1, 2, 3, 4) and your benefit plan (example: Gold, Silver or Bronze). Please refer to the “Summary of Benefits” for pharmacy co-payments, deductibles, integrated deductibles and/ or out-of-pocket limits that may apply.

Log onto your member account at members.lacare.org to check if you are eligible for a prescription drug and for information on your prescription drug, such as:

- Drug formulary status and if there are restrictions or special rules
- Co-pay information
- Pharmacy information

You can find the most current formulary on the www.lacare.org website.

The L.A. Care Formulary includes:

- Approved prescription drugs

- Diabetic supplies: Insulin, insulin syringes, glucose test strips, lancets, continuous glucose monitors and associated supplies.
- EpiPens and Anakits
- Inhaler spacers and extender devices,
- Emergency Contraceptive Drugs: You may get emergency contraceptive drugs from your doctor or pharmacy with a prescription from your doctor at no cost to you. You may also get emergency contraceptive drugs from a certified pharmacist without a prescription.

For information on pharmacies offering emergency contraceptive drugs from certified pharmacists without a prescription, please call L.A. Care Member Services at **1.855.270.2327 (TTY 711 if you are deaf or hard of hearing)**.

- Emergency contraceptive drugs are covered also when you receive emergency care services. You may receive emergency care services from doctors, hospitals, pharmacies or other health care professionals whether or not they are contracted with L.A. Care.
- The State of California passed the Pharmacy Law AB 1048, Arambula. Health care: pain management and Schedule II drug prescriptions. Beginning July 1, 2018, the law authorizes a pharmacist to dispense a Schedule II controlled substance as a partial fill if requested by the patient or the prescriber. The law would require the pharmacy to retain the original prescription, with a notation of how much of the prescription has been filled, the date and amount of each partial fill, and the initials of the pharmacist dispensing each partial fill until the prescription has been fully dispensed. The bill would authorize a pharmacist to charge a professional dispensing fee to cover the actual supply and labor costs associated with dispensing each partial fill associated with the original prescription.

When filling a prescription you may obtain a partial fill. You may only be charged one full co-payment for the completed prescription. If you have been charged twice (once for the partial fill and again for the complete fill) contact L.A. Care Member Services at **1.855.270.2327 (if you are deaf or hard of hearing)** to receive information regarding obtaining reimbursement for the excess co-payment.

- You may be required to provide copies of pharmacy receipts showing payment of multiple co-payments for the prescription.

Non-formulary drugs

Sometimes, doctors may prescribe a drug that is not on the Formulary. This will require that the doctor get authorization from L.A. Care before you fill the prescription. To decide if the non-formulary drug will be covered, L.A. Care may ask the doctor and/or pharmacist for more information. L.A. Care will reply to the doctor and/or pharmacist within 24 hours for urgent requests or 72 hours for standard requests after getting the requested medical information. Urgent circumstances exist when a health condition may seriously jeopardize life, health, or the ability to regain maximum function or when undergoing a current course of treatment using a non-formulary drug. The doctor or pharmacist will let you know if the drug is approved. After approval, you can get the drug at a Plan Pharmacy, please refer to the section How to Find a Pharmacy section on page 16. If the non-formulary drug is denied, you have the right to appeal. Please refer to the section Grievance and Appeals for more information.

Restrictions or Special Rules

Some drugs have coverage rules or have limits on the amount you can get. In some cases your doctor or other prescriber must do something before you can fill the prescription. For example:

- **Prior approval (or prior authorization):** For some drugs, your doctor or other prescriber must get approval from L.A. Care before you fill your prescription. If you do not get approval, L.A. Care may not cover the drug.

- **Quantity limits:** For your safety, L.A. Care may limit the amount of some drugs you can get per prescription, or limit the number of times you can refill some drugs. If your doctor or other prescriber thinks that the limited amount is not enough for your medical condition, then an exception to the quantity limits rule can be requested.
- **Step Therapy:** Some drugs have a special rule called step therapy. This means that you must first try another drug on the formulary before the prescribed drug is covered. If your doctor or other prescriber thinks that the first drug does not work for you, or is inconsistent with good professional practice for the provision of medically necessary covered services then an exception to the step therapy rule can be requested.
- **Exceptions to Coverage:** Requests to make an exception to a quantity limits or step therapy rule or for coverage of a non-formulary drug, can be submitted to L.A. Care Health Plan by your doctor or other prescriber in the form of a prior authorization with justification and clinical documentation supporting the provider's determination. A decision for approval or denial of the exception request can be made within 24 hours if the request is urgent or within 72 hours if the request is not urgent. If you are not satisfied with the exception-to-coverage decision, you have the right to appeal the decision with L.A. Care Health Plan or file a grievance with 3 different reviewers:
 1. L.A. Care,
 2. an external reviewer and
 3. an independent medical reviewer at the Department of Managed Care. Please refer to the "Grievance and Appeals" section for more information.

Emergency and Urgent Care Services

Urgent Care Services

There is a difference between needing care urgently and an emergency. Urgent care is when a condition, illness or injury is not life-threatening, but needs medical care right away. Many of L.A. Care's doctors have urgent care hours in the evening and on weekends. Common conditions that may fall under urgent care are:

- Cold/flu
- Vomiting/Diarrhea
- Rashes
- Urinary Tract Infections
- Earache/headache
- Back pain
- Sprains/Strains
- Skin/eye infections
- Wheezing or cough
- Abdominal pain

How to get urgent care

1. Call your PCP doctor. You may speak to an operator who answers calls for your PCP doctor's office when closed (like after normal business hours, on the weekends or holidays).
2. Ask to speak to your PCP doctor or the doctor on call. A doctor will call you back. If your PCP doctor is not available, another doctor may answer your call. A doctor is available by phone 24 hours a day, 7 days a week, and also on the weekends and holidays.
3. Tell them about your condition and follow their instructions.

If you are outside of Los Angeles County, you do not need to call your PCP doctor or get prior authorization before getting urgent care services. Be sure to let your PCP doctor know about this care. You may need follow-up care from your PCP doctor.

Retail Clinics

L.A. Care has partnered with MinuteClinic[™] to provide alternative access to urgent care through their retail clinic locations. MinuteClinic[™] has locations in select CVS pharmacies around L.A. Telehealth Services

L.A. Care has partnered with Teladoc[™] Health, Inc. to provide telehealth services for our members as another alternative for urgent care. Teladoc[™] delivers care wherever you are by phone or video conferencing. If you use Teladoc[™] services, you have the right to access your resulting medical records, and those records will be shared with your primary care provider, unless you object. To access care through Teladoc[™]:

- Visit www.teladoc.com – click “Log in/Register”
- Call Teladoc[™] at 1.800.835.2362
- Contact L.A. Care Member Services at **1.855.270.2327 (if you are deaf or hard of hearing)**

Your cost for accessing telehealth services will not exceed what your cost would be if you received the same services in person from a doctor, nurse practitioner, or physician assistant. This applies regardless of if you receive telehealth services through Teladoc[™] or through independent or private telehealth services offered through your participating provider group or primary care provider. If you use Teladoc[™] services, you have the right to access your resulting medical records, and those records will be shared with your primary care provider, unless you object.

Emergency services

Emergency services are covered 24-hours a day, 7 days a week, anywhere in the world. Emergency care is a service that a member reasonably believes is necessary to stop or relieve:

- A serious illness or symptom,
- An injury, severe pain, or active labor,
- A condition that needs immediate diagnosis and treatment

Emergency services and care include ambulance, medical screening, exam and evaluation by a doctor or appropriate personnel. Emergency services include both physical and psychiatric emergency conditions, and active labor.

Examples of emergencies include but are not limited to:

- Having trouble breathing
- Seizures (convulsions)
- Lots of bleeding
- Unconsciousness/blackouts (will not wake up)
- In a lot of pain (including chest pain)
- Swallowing of poison or medicine overdose
- Broken bones
- Head injury
- Eye injury
- Thoughts or actions about hurting yourself or someone else

If you think you have a health emergency, call 911. You are not required to call your doctor before you go to the emergency room. Do not use the emergency room for routine health care.

What to do in an emergency:

Call 911 or go to the nearest emergency room if you have an emergency. Emergency care is covered at all times and in all places. If you are outside of the United States you will have to pay out of pocket for the emergency services you have received. L.A. Care will reimburse you the maximum allowable amount.

What to do if you are not sure if you have an emergency:

If you are not sure whether you have an emergency or require urgent care, please contact L.A. Care's Nurse Advice Line at 1.800.249.3619 to access triage or screening services, 24 hours per day, 7 days per week.

Post Stabilization and Follow-up Care After an Emergency

Once your emergency medical condition has been treated at a hospital and an emergency no longer exists because your condition is stabilized, the doctor who is treating you may want you to stay in the hospital for a while longer before you can safely leave the hospital. The services you receive after an emergency condition is stabilized are called "post-stabilization services." If the hospital where you received emergency services is not part of L.A. Care's contracted network ("non-contracted hospital"), the non-contracted hospital will contact L.A. Care to get approval for you to stay in the non-contracted hospital. If L.A. Care approves your continued stay in the non-contracted hospital, you will only be responsible for the Member's cost-sharing portion of the hospital stay, subject to the applicable Deductible. Please note, however, that if any cost sharing is based on a percentage of billed charges, the cost is generally higher at non-contracted hospitals. If L.A. Care has notified the non-contracting hospital that you can safely be moved to one of L.A. Care's contracted hospitals, L.A. Care will arrange and pay for you to be moved from the non-contracted hospital to a contracted hospital. If L.A. Care determines that you can be safely transferred to a contracted hospital, and you, your spouse or legal guardian do not agree to you being transferred, the non-contracted hospital must give you, your spouse or legal guardian a written notice stating that you will have to pay for all of the cost for post-stabilization services provided to you at the non-contracted hospital after your emergency condition is stabilized. Also, you may have to pay for services if the non-contracted hospital cannot find out what your name is and cannot get L.A. Care's contact information to ask for approval to provide services once you are stable.

If you feel that you were improperly billed for post-stabilization services that you received from a non-contracted hospital, please contact the L.A. Care Member Services at 1.855.270.2327 (TTY 711 if you are deaf or hard of hearing).

Non-Qualified Services

Non-qualified services are any non-emergency services received in the emergency room. L.A. Care will review all emergency room services provided to Members based on the prudent lay person's definition of emergency services. The Member must pay for the cost of any non-qualified services. (Please refer to the "Emergency Services" section for more information.)

Continuity of Care

Continuity of Care by a Terminated Provider Members who are being treated for acute conditions, serious chronic conditions, pregnancies (including immediate postpartum care), or terminal illness; or who are children from birth to 36 months of age; or who have received authorization from a now terminated provider for surgery or another procedure as part of a documented course of treatment can request completion of care in certain situations with a provider who is leaving the L.A. Care *Covered*[™] or L.A. Care Covered *Direct*[™] provider network. Contact L.A. Care Member Services at **1.855.270.2327 (TTY 711 if you are deaf or hard of hearing)** to receive information regarding eligibility criteria and assistance with requesting continuity of care from a terminated provider. You may be required to make a copayment, have a deductible or other cost-sharing fees during the period of completion of care with a provider who is no longer contracted with L.A. Care *Covered*[™] or L.A. Care Covered *Direct*[™].

Continuity of Care for New Members by Non-Contracting Providers

Newly covered Members who are being treated for acute conditions, serious chronic conditions, pregnancies (including immediate postpartum care), or terminal illness; or who are children from birth to 36 months of age; or who have received authorization from a provider for surgery or another procedure as part of a documented course of treatment or if prior coverage was terminated by a plan under certain circumstances or if any prior coverage was withdrawn from the market can request completion of care in certain situations with a non-contracting provider who was providing services to the Member at the time the Member's L.A. Care Covered *Direct*[™] coverage became effective. Contact L.A. Care Member Services at **1.855.270.2327 (TTY 711 if you are deaf or hard of hearing)** to receive information regarding eligibility criteria and assistance with requesting continuity of care from a non-contracting provider. You may be required to make a copayment, have a deductible or other cost-sharing fees during the period of completion of care with a provider who is not contracted with L.A. Care Covered *Direct*[™].

Continuity of Care when being treated for Maternal Mental Health Conditions

If an individual is receiving treatment for a maternal mental health condition with a provider who is not part of the L.A. Care provider network because:

- The individual has changed health insurance plans to L.A. Care and the existing provider is not part of the L.A. Care provider network, or
- The L.A. Care provider withdraws from the L.A. Care provider network after the individual begins treatment, L.A. Care will, on request, arrange for the individual to continue services with the existing provider for up to 12 months from the date of diagnosis, or from the end of the pregnancy, whichever is later.

How to file a grievance to appeal a prescription drug prior authorization decision

If you do not agree with the outcome of an exception-to-coverage decision, you, a representative, or your provider have the right to appeal the decision. You, a representative, or your provider may also request that the exception-to-coverage request be re-assessed by an external reviewer through an Independent Review Organization (IRO).

You, a representative, or your provider may also request that the exception-to-coverage decision be re-assessed by the Department of Managed Health Care (DMHC) through an Independent Medical Review (IMR). Please refer to the section Independent Medical Review. You will receive information on how to file an appeal, external review, and/or an IMR with your denial letter.

Independent Medical Review

You may request an Independent Medical Review (IMR) from DMHC. You have up to six months from the date of denial to file an IMR. You will receive information on how to file an IMR with your denial letter. Grievance Resolution letters also include information about requesting an IMR and a copy of the IMR Request form/envelope addressed to the DMHC will be attached to the Grievance Resolution letter. You may reach DMHC toll-free at **1.888.466.2219**.

There are no fees for an IMR. You have the right to provide information to support your request for an IMR. After the IMR application is submitted, a decision not to take part in the IMR process may cause you to lose certain legal rights to pursue legal action against the plan.

When to File an Independent Medical Review (IMR)

You may file an IMR if you meet the following requirements:

- Your doctor says you need a health care service because it is medically necessary and it is denied; or
- You received urgent or emergency services determined to be necessary and they were denied; or
- You have seen a network doctor for the diagnosis or treatment of the medical condition, even if the health care services were not recommended.
- The disputed health care service is denied, changed or delayed by L.A. Care based in whole or in part on a decision that the health care service is not medically necessary, and/or
- You have filed a grievance with L.A. Care and the health care is still denied, changed, delayed or the grievance remains unresolved after 30 days.

The dispute will be submitted to a DMHC medical specialist if it is eligible for an IMR. The specialist will make an independent decision on whether or not the care is medically necessary. You will receive a copy of the IMR decision from DMHC. If it is decided that the service is medically necessary, L.A. Care will provide the health care service.

Non-urgent cases

For non-urgent cases, the IMR decision must be made within 30 days. The 30-day period starts when your application and all documents are received by DMHC.

Urgent cases

If your grievance is urgent and requires fast review, you may bring it to DMHC's attention right away. You will not be required to participate in the health plan grievance process.

For urgent cases, the IMR decision must be made within three calendar days from the time your information is received.

Examples of urgent cases include:

- Severe pain
- Potential loss of life, limb or major bodily function
- Immediate and serious deterioration of your health

Independent Medical Review for Denials of Experimental/ Investigational Therapies

You may also be entitled to an IMR, through the Department of Managed Health Care, when we deny coverage for treatment we have determined to be experimental or investigational.

- We will notify you in writing of the opportunity to request an IMR of a decision denying an experimental/ investigational therapy within five (5) business days of the decision to deny coverage.

- You are not required to participate in L.A. Care's grievance process prior to seeking an IMR of our decision to deny coverage of an experimental/ investigational therapy.
- If a physician indicates that the proposed therapy would be significantly less effective if not promptly initiated, the IMR decision shall be rendered within seven (7) days of the completed request for an expedited review.

Review by the Department of Managed Health Care

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at (1.855.250.2327) and use your health plan's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (1-888-HMO-2219) and a TDD line (1-877-688-9891) for the hearing and speech impaired. The department's Internet Web site <http://www.hmohelp.ca.gov> has complaint forms, IMR application forms and instructions online.

L.A. Care's grievance process and DMHC's complaint review process are in addition to any other dispute resolution procedures that may be available to you, and your failure to use these processes does not preclude your use of any other remedy provided by law.

L.A. Care will help you with interpreting services if you speak a language other than English. You may use the toll-free TTY numbers listed under "How to File a Grievance" if you are a deaf or hard of hearing Member. With your written consent, your doctor may also file an appeal on your behalf.

Payment Responsibilities

What are Premiums (Prepayment Fees)?

Premiums are monthly fees an Enrollee pays to cover the basic costs of the health care package for themselves and any Enrolled Dependent(s). An Enrollee must pay the health plan premiums directly to L.A. Care when due.

Monthly Premiums

Your monthly premium is based on the following factors: 1) the benefit plan you selected (Platinum, Gold, etc.) and; 2) your age and where you reside. Once you are enrolled in L.A. Care Covered Direct™, you will receive a monthly premium bill in the mail. Please visit **lacare.org** to learn more about how to make your premium payments. You have 60 days from your effective date to submit your first payment. If you do not send us your first premium payment by the due date, your coverage will be cancelled. You will receive a notice in the mail letting you know that your coverage has been cancelled due to non-payment of the first premium payment. If your coverage is cancelled during the open enrollment period, you will be able to apply again. If your coverage is cancelled after the open enrollment period closes, you will be able to apply for coverage if you experience a qualifying life event as described in this *Subscriber Agreement & Member Handbook*.

L.A. Care offers a variety of options and methods by which you may pay your monthly premium:

Pay Online

Register or log onto your member account at **members.lacare.org**. You can either make a one-time payment, or set up recurring payments. Auto-Pay payments will be automatically deducted from your account on the day premiums become due, or the day before the coverage month begins.

Pay by Mail

Send a personal check, business check, money order, or cashier's check payable to L.A. Care Health Plan.

Please mail your payment to:

Pay by Phone (Self-Service)

If you would like to make a phone payment using our self-service option, please call 1-855-270-2327, listen to the greeting, and select option 3.

Have your L.A. Care Member Id Number located on the back of your ID card, or the Account Number located on your invoice available.

Pay by Phone is available 24 hours a day, 7 days a week including holidays.

L.A. Care will not increase your premium during the calendar year unless change plans and/or report a demographic change which may affect your eligibility and premium amount. Important: If your address changes, please reach out to our Member Services Department at **1.855.270.2327 (TTY 711 if you are deaf or hard of hearing)**

Proof of Coverage

Show your member ID card to the doctor, pharmacy, hospital, or other health care provider when you seek care. Your member ID card contains information healthcare professionals need to make sure your care is covered. Not providing your member ID card when you seek care may result in inaccurate billing.

What are Co-payments (Other Charges)?

Aside from the monthly premium, you may be responsible for paying a charge when you receive a covered service. This charge is called a co-payment and is outlined in the Summary of Benefits. If you review your Summary of Benefits, you'll see that the amount of the co-payment depends on the service you receive. An Enrollee must always be prepared to pay the co-payment during a visit to the Enrollee's PCP, Specialist, or any other provider.

Note: Co-payments are not required for preventive care services, prenatal care or for pre-conception visits. Preventive care includes, but is not limited to:

- Childhood Immunizations at your physician's office.
- Adult Immunizations at your physician's office or at an L.A. Care Network pharmacy.
- Well-child visits

Please see the Preventive Care Services section in this Member Handbook for more information regarding what services are covered at no charge or call our Member Services Department at **1.855.270.2327 (TTY 711 if you are deaf or hard of hearing)**.

Cost Sharing

General rules, examples, and exceptions

The cost sharing is the amount you are required to pay for a covered service, for example: the deductible, co-payment, or coinsurance. Your cost sharing for covered services will be the cost sharing in effect on the date you receive the services, during your diagnostic exam your provider confirms an exception as follows:

- If you are receiving covered inpatient hospital or Skilled Nursing Facility Services on the effective date of this *Subscriber Agreement & Member Handbook*, you pay the cost sharing in effect on your admission date until you are discharged, if the services were covered under your prior Health Plan coverage and there has been no break in coverage. However, if the services were not covered under your prior Health Plan coverage, or if there has been a break in coverage, you pay the cost sharing in effect on the date you receive the services.
- For items ordered in advance, you pay the cost sharing in effect on the order date (although we will not cover the item unless you still have coverage for it on the date you receive it) and you may be required to pay the cost sharing when the item is ordered. For outpatient prescription drugs, the order date is the date that the pharmacy processes the order after receiving all of the information they need to fill the prescription group.

Receiving a bill

In most cases, we will ask you to make a payment toward your cost sharing at the time you check in. Keep in mind that this payment may cover only a portion of the total cost sharing for the covered services you receive. The provider of service will bill you for any additional cost sharing amounts that are due. The following are examples of when you may get a bill:

- You receive services during your visit that were not scheduled when you made your payment at check-in. For example, if you are scheduled to receive treatment for an existing condition, at check-in we will ask you to pay the cost sharing that applies to these services. If during your visit your provider finds another problem with your health, your provider may perform or order additional unscheduled services, such as lab tests or other diagnostic tests. You may have to pay separate cost sharing amounts for each of these additional unscheduled services, in addition to the cost sharing amount you paid at check-in for the treatment of your existing condition.
- You receive services from a second provider during your visit that were not scheduled when you made your payment at check-in. For example, if you are scheduled to receive a diagnostic exam, at check-in we will ask you to pay the cost sharing that applies to these services. If during your diagnostic exam your provider confirms a problem with your health, your provider may request the assistance of another provider to perform additional unscheduled services (such as an outpatient procedure). You may have to pay separate cost sharing amounts for the unscheduled services of the second provider, in addition to the cost sharing amount you paid at check-in for your diagnostic exam.
- If you go in for Preventive Care Services and receive non-preventive services during your visit that were not scheduled when you made your payment at check-in. For example, if you go in for a routine physical maintenance exam, at check-in we will ask you to pay the cost sharing that applies to these services (the cost sharing may be “no charge”).
- If during your routine physical maintenance exam your provider finds a problem with your health, your provider may order non-preventive services to diagnose your problem (such as laboratory tests). You may have to pay separate cost sharing amounts for the non-preventive services performed to diagnose your problem, in addition to the cost sharing amount you paid at check-in for your routine physical maintenance exam.
- If you receive covered services from a health facility within L.A. Care’s provider network, but the covered services are provided by an individual health professional outside of our network: Your cost shares for covered services that you receive outside L.A. Care’s provider network will not exceed the cost sharing that you would pay for the same covered services received within L.A. Care’s provider network.

The Annual Deductible

The annual deductible is the amount that you must pay during the calendar year for certain covered services before L.A. Care will cover those services at the applicable co-payment or co-insurance in that calendar year. The deductible is based on L.A. Care’s contracted rates with its participating providers and applies to certain service categories as defined in the “Summary of Benefits”. A Member who has Enrolled Dependent(s) must satisfy the lower individual deductible amount, but the deductibles paid by each of the Enrolled Dependent(s) are added together to satisfy the family deductible for all Members in the family. For example, if the deductible for one individual is \$2,000 and the deductible for a family of two or more is \$4,000, and if you had spent \$2,000 for services subject to the deductible, then you will not have to pay any cost sharing during the rest of the calendar year. However, your Enrolled Dependents will have to continue paying the cost sharing during the calendar year until your family reaches the \$4,000 family deductible.

Annual Out-of-Pocket Maximum (OOPM)

The annual out-of-pocket maximum (also called the “out-of-pocket limit”) is the highest amount you or your family (if you have Enrolled Dependent(s) receiving health coverage) are/is required to pay during one benefit year. The benefit year for L.A. Care Covered *Direct*[™] Members starts January 1st and ends December 31st. Please refer to the Summary of Benefits for your “Out-of-Pocket limit on expenses.”

Payments that count toward the maximum

Any cost sharing payments you make for in-network services including amounts for charges applied towards your deductible accumulate toward the maximum out-of-pocket expense. Any amounts you pay for covered services that are subject to the deductible, also apply towards the annual out-of-pocket maximum.

Tracking Your Deductible and Out-of-Pocket Maximum

L.A. Care will keep track of charges that are counted toward your deductible and out of pocket maximum (OOPM). We will provide you with the balance for each for every month in which you have used benefits until the annual balance equals the full deductible amount or the full OOPM. You may also request your accrual balances for the deductible and OOPM from L.A. Care at any time. L.A. Care will mail you these updates unless you have opted out of mailed notices. To request accrual balance information at any time or opt out of the mailed updates, please contact L.A. Care Member Services at **1.855.270.2327** or access your **L.A. Care Connect member portal account**. **You can opt back into paper notifications at any time.** L.A. Care will make every effort to ensure accurate and timely information, but there may be delays in reporting of visits and payments from your provider which may impact the net accrual information. Please request and save all receipts for payments you make to your health care providers for covered services for your records.

Termination of Benefits

An Enrollee will be disenrolled from L.A. Care Covered *Direct*[™] for the following reasons:

- The Enrollee fails to pay premiums upon due date
- The Enrollee moves out of Los Angeles County
- The Enrollee requests transfer to another QHP
- The death of the Enrollee

Request to Terminate Upon Written Notice

L.A. Care may terminate Enrollee’s coverage for the following reasons:

- Fraud or deception in obtaining, or attempting to obtain, benefits under this Plan; and
- Knowingly permitting fraud or deception by another person in connection with this Plan, such as, without limitation, permitting someone else to seek benefits under this Plan, or improperly seeking payment from L.A. Care for benefits provided.

Cancellation of coverage under this Section will terminate effective upon mailing the notice of termination to the Enrollee. Under no circumstances will an Enrollee be terminated due to health status or the need for health care services. Any Enrollee who believes their enrollment has been terminated due to the Enrollee’s health status or requirements for health care services may request a review of the termination by the California Department of Managed Health Care.

For more information contact our Member Services Department at **1.855.270.2327 (TTY 711 if you are deaf or hard of hearing)**.

Termination due to withdrawal of this Benefit Plan:

L.A. Care may terminate this Benefit Plan. In such instances you will be given ninety (90) days written notice and the opportunity to enroll in any other individual and family benefit plan without regard to health status-related factors.

Written Notice of Termination

When a written notice of termination or non-renewal is sent to the Enrollee pursuant to this section, it shall be dated, sent to the last-known address of the Enrollee and state:

- a. The cause of termination or non-renewal with specific reference to the section of this *Subscriber Agreement & Member Handbook* giving rise to the right of termination or non-renewal;
- b. That the cause for termination or non-renewal was not the Enrollee's health status or requirements for health care services;
- c. The effective date and time of termination or non-renewal; and
- d. That notwithstanding the Member Appeals (Grievance) procedure set forth in this *Subscriber Agreement & Member Handbook*, if Enrollee believes that their Health Plan membership has been terminated because of their health status or requirements for healthcare services, Enrollee may request a review before the Director of the Department of Managed Health Care for the State of California.

Note: *If an Enrollee is terminated by L.A. Care, notice to the Enrollee is sufficient if sent to Enrollees' last known address.*

Termination by L.A. Care for Nonpayment of Premiums

L.A. Care may terminate your coverage for failure to pay the required premium when due. If your coverage is being terminated because you failed to pay the required premium, then coverage will end thirty (30) days after the date for which the premium is due. We will send you written notice of the termination at least thirty (30) days before the termination date. You will be liable for all premiums accrued while coverage under this Benefit Plan continues in force including those accrued during this thirty (30) day grace period. The L.A. Care Covered Direct™ Confirmation of Disenrollment will inform you of the following:

- a. That your coverage has been terminated, and the reasons for termination;
- b. The specific date and time when coverage for you and all your Enrolled Dependent(s) ended; and
- c. Your right to request review of the termination. The notice will also inform you that if you believe that your or your Dependent(s)' health plan enrollment has been improperly terminated, you may request a review from the Director of the Department of Managed Health Care (DMHC). All contact information for the DMHC will be included in the letter.

Your PCP must provide the follow-up care for emergency services. You will be reimbursed for all charges paid by you for covered emergency services, including medical transportation services (including ambulance and air ambulance), provided by non-participating providers. If you are outside of the United States, you will have to pay for the emergency services that you receive. L.A. Care will reimburse for the covered emergency services up to the maximum allowable amount. When you submit your claim, you must submit the medical records, a doctor billing statement, and proof of payment for review.

Post Stabilization and Follow-up Care After an Emergency

Once your emergency medical condition has been treated at a hospital and an emergency no longer exists because your condition is stabilized, the doctor who is treating you may want you to stay in the hospital for a while longer before you can safely leave the hospital. The services you receive after an emergency condition is stabilized are called “post-stabilization services.”

If the hospital where you received emergency services is not part of L.A. Care’s contracted network (“non-contracted hospital”), the non-contracted hospital will contact L.A. Care to get approval for you to stay in the non-contracted hospital. If L.A. Care approves your continued stay in the non-contracted hospital, you will not have to pay for services.

If L.A. Care has notified the non-contracting hospital that you can safely be moved to one of L.A. Care’s contracted hospitals, L.A. Care will arrange and pay for you to be moved from the non-contracted hospital to a contracted hospital.

If L.A. Care determines that you can be safely transferred to a contracted hospital, and you, your spouse or legal guardian do not agree to you being transferred, the non-contracted hospital must give you, your spouse or legal guardian a written notice stating that you will have to pay for all of the cost for post-stabilization services provided to you at the non-contracted hospital after your emergency condition is stabilized.

Also, you may have to pay for services if the non-contracted hospital cannot find out what your name is and cannot get L.A. Care’s contact information to ask for approval to provide services once you are stable. If you feel that you were improperly billed for post-stabilization services that you received from a non-contracted hospital, please contact the L.A. Care Member Services at **1.855.270.2327 (TTY 711 if you are deaf or hard of hearing)**.

California Children's Services (CCS)

Children needing specialized medical care may be eligible for the California Children's Services (CCS) program. CCS is a California medical program that treats children with certain physical conditions and who need specialized medical care. This program is available to all children in California whose families meet certain medical, financial and residential eligibility requirements. Services provided through the CCS program are coordinated by the local county CCS office.

If a member's PCP suspects or identifies a possible CCS eligible condition, he/she may refer the member to the local county CCS program. The CCS program (local or the CCS Regional Office) will determine if the member's condition is eligible for CCS services. If determined to be eligible for CCS services, a L.A. Care Covered *Direct*™ Member continues to stay enrolled in the QHP product. They will be referred and should receive treatment for the CCS eligible condition through the specialized network of CCS providers and/or CCS approved specialty centers. These CCS providers and specialty centers are highly trained to treat CCS eligible conditions. L.A. Care will continue to provide primary care and prevention services that are not related to the CCS eligible conditions, as described in this document. L.A. Care will also work with the CCS program to coordinate care provided by both the CCS program and the plan.

L.A. Care will continue to provide all other medical services not related to CCS diagnosis.

The CCS office must verify residential status for each child in the CCS program. If your child is referred to the CCS program, you will be asked to complete a short application to verify residential status, financial eligibility and ensure coordination of your child's care after the referral has been made.

Additional information about the CCS program can be obtained by calling the Los Angeles County CCS program at **1.800.288.4584** for more information.

You must live, work, and receive all dental services in California, unless you need Emergency or Urgent Care. If you move out of California, you must tell LIBERTY. **[Health Plan]'s Dental Benefit Plan's Service Area is Covered California Region [RATING REGION NUMBER] [NAME OF COUNTY] Count[y][ies].**

D. LIBERTY'S NETWORK

Our network includes general dentists and specialty dentists that LIBERTY has contracts with to provide covered services to our members. To use your benefits, covered services must be performed by your Primary Care Dentist (PCD) or other network providers.

Call Member Services at [888-703-6999]/TTY: [1-877-855-8039], LIBERTY is here Monday through Friday 8:00 a.m. to 5:00 p.m. The call is toll free. Or call the California Relay Line at 711. Visit online at www.libertydentalplan.com.

To get a copy of your LIBERTY Provider Directory, go to our website at www.libertydentalplan.com, [or you can download and use our mobile app on your smartphone], or call Member Services.

If you go to an out-of-network provider, you will have to pay all the cost, unless you received pre-approval from LIBERTY or you require Emergency/Urgent Care. If you are new to LIBERTY, or your PCD's contract ends, you may be able to continue to see your current dentist. This is called *continuity of care*).

E. YOUR PRIMARY CARE DENTIST (PCD)

When You join LIBERTY, you do not need to choose a Primary Care Dentist (PCD). A PCD is usually a general dentist who provides your basic care and coordinates the care you need from other dental specialty Providers. You may access services from any contracted general dentist in the network.

F. LANGUAGE AND COMMUNICATION ASSISTANCE

Interpretation and translation services are available for members that speak limited English, including translation of documents into other languages. If English is not your first language, LIBERTY provides interpretation services and translation of some written materials in your preferred language at no cost to you. To ask for language services call [888-703-6999]/TTY: [1-877-855-8039].

If you have a preferred language, please tell us of your personal language needs by completing an online survey at <https://www.libertydentalplan.com/Members/Member-Language-Survey.aspx> or calling [888-703-6999]/TTY: [1-877-855-8039].

Make sure to let your PCD or specialty dentist know of your preferred language needs at your first dental visit. LIBERTY provides language assistance services for all your dental appointment(s). If your PCD, specialty dentist, or dental office staff, cannot talk with you in your preferred language, LIBERTY can give you interpretation services, at no cost to you.

LIBERTY makes certified interpretation services available to you at no cost and does not recommend using family members, minors or friends to assist you. Please call our Member Services to arrange for an in-person interpreter as far in advance of your appointment time as possible, but no less than seventy-two (72) hours from the time of your appointment. If you have an Emergency/Urgent Care appointment, LIBERTY can provide you with interpretation services over the phone, to help you talk to the office staff in your preferred language.

G. HOW TO GET DENTAL CARE WHEN YOU NEED IT

Call your PCD first for all your dental care unless you are having a medical emergency. If you are having a medical emergency call your primary care physician, 911, or go to the closest emergency room.

You usually need a referral and pre-approval to get care from a specialty dentist other than your PCD. The care must be medically necessary for your health. Your dentist and LIBERTY follow guidelines, criteria, and policies to decide if care is medically necessary for your health. If you disagree with LIBERTY that a service is medically necessary for your health, you can request reconsideration (an appeal), file a grievance, or in some cases, you can request an Independent Medical Review (IMR).

Covered dental services are also called benefits, and must be a service that LIBERTY covers. Your Schedule of Benefits will show you what services LIBERTY covers under your dental plan. Your Schedule of Benefits [is provided with this document, at the start of your plan], is available anytime on the LIBERTY website at [www.libertydentalplan.com], [through our mobile app for your smartphone], or upon request from our Member Services.

H. SCHEDULING APPOINTMENTS

California law states that you have the right to schedule an appointment within a reasonable time based on your oral needs. If for any reason you are unable to schedule an appointment within these timeframes, please call our Member Services at [888-703-6999]/TTY: [1-877-855-8039] for assistance.

I. SPECIALTY REFERRALS AND PRE-ESTIMATES

Your PCD must submit a request for a specialty referral to LIBERTY for pre-approval if you need services from a specialty dentist. Pre-approval is also called pre-estimate. Make sure your PCD submits a specialty referral to LIBERTY, and you get a pre-approval. Once you receive the approval for consultation to the needed specialty dentist, the specialty dentist will submit a pre-estimate for any services they feel are needed. If you do not have an approved specialty referral from LIBERTY before you see a specialty dentist, you will have to pay for all of the costs of any services you receive.

IMPORTANT: You do **not** need a specialty referral and pre-approval to see your PCD, or to get emergency care or urgent care.

J. EMERGENCY CARE

A condition is considered an emergency if you have severe pain, swelling, or bleeding. A condition is also considered an emergency, if you reasonably think that your condition, without treatment, could cause your health or body to be in serious danger or lead to death.

Emergency care is covered 24 hours a day, 7 days a week, anywhere in the world. If you require Emergency care, contact your PCD, including unexpected dental conditions that take place after normal business hours or on weekends.

Medical emergencies are not covered by LIBERTY if the services are rendered in a hospital setting which are covered by a medical plan, or if LIBERTY determines the services were not dental in nature. If you are having a medical emergency call your primary care physician, 911, or go to the nearest emergency room.

K. URGENT CARE

Urgent Care is care needed to prevent an oral condition from getting worse due to an unexpected illness or injury, and care cannot be delayed.

Urgent Care is covered, anywhere in the world and appointment should be scheduled within 72 hours. If you require Urgent care, contact your PCD, including unexpected dental conditions that take place after normal business hours or on weekends.

L. CARE WHEN YOU ARE OUT OF THE LIBERTY SERVICE AREA

Only emergency and urgent care is covered outside of the LIBERTY service area.

Call Member Services at [888-703-6999]/TTY: [1-877-855-8039], LIBERTY is here Monday through Friday 8:00 a.m. to 5:00 p.m. The call is toll free. Or call the California Relay Line at 711. Visit online at www.libertydentalplan.com.

N. IF YOU HAVE A GRIEVANCE ABOUT YOUR LIBERTY DENTAL PLAN

LIBERTY provides a grievance resolution process. You can file a grievance (also called complaint or appeal) with LIBERTY for any dissatisfaction you have with the Plan, your dental benefits, a claim determination, pre-estimate determination, your PCD, specialty dentist, or any part of your dental plan benefits.

If you disagree with LIBERTY's decision about your grievance, you can get help from the California Department of Managed Health Care Help Center. In some cases, the Department of Managed Health Care Help Center can help you apply for an Independent Medical Review (IMR) or file a complaint. IMR is a review of your case by doctors who are not part of your dental plan.

D. TELE-DENTISTRY

Tele-dentistry is a virtual dental service, available twenty-four (24) hours per day, seven (7) days per week, as an alternative solution to help you monitor your dental health, especially when you and your PCD cannot be in the same physical location. Providers are available by phone and computer from anywhere to address emergency and urgent dental needs. LIBERTY covers tele-dentistry services to help improve access and continuity of dental care for our members. There is no difference in your dental coverage for tele-dentistry. The same benefits are available with tele-dentistry as it would be for in-person visits.

Your provider can determine through a consultation whether you have an emergency dental problem and can provide instructions on how to treat conditions. If you have a cracked or chipped tooth, soft tissue lesion (bump on your gums), small cavity, jaw pain, or similar non-emergency condition, a tele-dentistry consultation through phone or video may work. If you need urgent treatment, it must be scheduled for an onsite visit.

You can set up an appointment with your dental office, by phone or online to discuss regular dental services, dental problems, and instructions on how to treat conditions. Contact your PCD if you are experiencing dental pain or a potential dental emergency. If your PCD is not available, contact LIBERTY toll-free for assistance with the tele-dentistry program. If an in-person visit is required, dental emergency visits are coordinated by LIBERTY’s Member Services, at no cost to you.

If you are experiencing a life-threatening medical emergency, immediately contact 911.

VIII. TERMINATION, RESCISSION AND CANCELLATION OF COVERAGE

A. TERMINATION OF BENEFITS

1. Termination Due to Loss of Eligibility

This is an EPDB plan, and benefits will be terminated once the member(s) reach the age limit for coverage, nineteen (19) years old, as stated in this document.

Your LIBERTY dental plan coverage can be terminated by your Qualified Health Plan (QHP) coverage. If this happens, you will receive notice through your QHP at least thirty (30) calendar days before the change takes effect. Coverage for your dependents will also end, at the same time.

Your LIBERTY dental plan coverage, including coverage for your dependents, can also end if:

- You no longer live or work in the LIBERTY Service Area or if LIBERTY no longer offers Your dental plan.

2. Termination Due to Non-Payment of Premium

- If your QHP does not pay the premium, LIBERTY will send a notice to your QHP saying that the premium is overdue.
- If premiums are not paid according to your QHP's agreement, your LIBERTY dental plan coverage will end on midnight of the last day of the thirty (30) calendar day grace period, subject to submission of the notice requirements required by LIBERTY. Members are given a grace period of at least thirty (30) consecutive days, beginning on the date specified in the "Notice of Start of Grace Period".
- Coverage will continue under the Plan contract during the grace period. If premiums are not paid, coverage will end after the completion of the grace period followed by a written notice of the cancellation to the subscriber. The written notice will state the reason for the cancellation and the time period when the cancellation became effective.

3. Completion of Treatment In Progress After Termination

- If your dental plan coverage ends while the contract between you and LIBERTY is in effect, your PCD or specialty dentist must complete any procedure in progress that was started before your termination, abiding by the terms and conditions of the Plan.

Call Member Services at [888-703-6999]/TTY: [1-877-855-8039], LIBERTY is here Monday through Friday 8:00 a.m. to 5:00 p.m. The call is toll free. Or call the California Relay Line at 711. Visit online at www.libertydentalplan.com.

- If your dental plan coverage ends with LIBERTY after the start of orthodontic treatment, you will be responsible for any charges on any remaining orthodontic treatment.

4. Termination Due to Fraud

- Fraud is not allowed by federal law. Your dental plan coverage will immediately end with LIBERTY, if you plan, commit, or knowingly allow someone to commit fraud or deception.
- Examples of fraud:
 - You allow another person to use your identification card to complete services under this plan.
 - You misrepresent yourself, or your dependents, by providing incomplete or incorrect “material” information to LIBERTY, or your dental provider, that would affect enrollment or for use of dental plan benefits.
 - You intentionally deceive LIBERTY, or you misrepresent yourself or allow someone else to do so in order to get dental care services.

In cases of suspected fraud, you will receive a letter by certified mail at least thirty (30) days prior to the date of termination. The letter will include the reason for the planned termination, and your appeal rights. If you feel that enrollment will be incorrectly canceled, rescinded, or not renewed, a request for a review can be submitted to the Director of the Department of Managed Health Care. Once you have completed the appeal process, your coverage will be terminated immediately and you will receive written notice from LIBERTY.

5. Termination Due to Health Status

- LIBERTY does not terminate based on any health status. If you believe that your coverage has been terminated based on your health status or requirements for health care services, you can request a review from the director of the Department of Managed Health Care. If the director determines that a proper complaint exists under the provisions of this section, the director will notify LIBERTY. Within fifteen (15) calendar days after receipt of such notice, LIBERTY will either request a hearing or reinstate the member coverage. The reinstatement will be retroactive to time of cancellation or failure to renew.
- LIBERTY will be responsible for the expenses incurred by the member for covered dental care services from the date of cancellation or non-renewal to and including the date of reinstatement.

Call Member Services at [888-703-6999]/TTY: [1-877-855-8039], LIBERTY is here Monday through Friday 8:00 a.m. to 5:00 p.m. The call is toll free. Or call the California Relay Line at 711. Visit online at www.libertydentalplan.com.

B. EFFECTIVE DATE OF TERMINATION

Coverage can be ended, cancelled, or non-renewed within thirty (30) days following the date of notification of termination, except for fraud or deception as stated above, in which coverage is ended immediately upon notification.

C. DISENROLLMENT

You can disenroll at any time with at least a fourteen (14) calendar days advance notice, by contacting Covered California or Your Qualified Health Plan by phone or in writing.

Disenrollment is effective on the date specified or fourteen (14) calendar days after termination is requested, if reasonable notice is not provided.

D. RESCISSION

Rescission means that LIBERTY can cancel your coverage as if no coverage existed. LIBERTY can only rescind your coverage in the event of fraud or intentional misrepresentation of material facts. You have the right to appeal any decision to rescind your membership. Appeal procedures will be provided to you in the notice of rescission.

If you feel that enrollment will be incorrectly canceled, rescinded, or not renewed, a request for a review can be submitted to the Director of the Department of Managed Health Care. Once you have completed the appeal process, your coverage will be terminated immediately and you will receive written notice from LIBERTY. Except as provided by law, LIBERTY may not rescind your coverage after twenty-four (24) months from the date the dental coverage was issued.

If you have a grievance against your health plan, you should first telephone your health plan at [(1-888-703-6999)]/TTY: [1-877-855-8039] and use your health plan's grievance process before contacting the department. F. ARBITRATION

If you or one of your eligible dependents is not satisfied with the results of [LIBERTY's] grievance resolution process, and all the grievance resolution procedures have been exhausted, the matter can be submitted to binding arbitration for resolution. You or one of your eligible dependents can submit a grievance to the Department of Managed Health Care for review and resolution prior to any arbitration.

As a condition of your membership in [LIBERTY], disputes arising from or relating to your participation as a [LIBERTY] member, including contract or medical liability or malpractice (for example, whether any covered services rendered were unnecessary or unauthorized, or were improperly, negligently, or incompetently rendered) will be settled by binding arbitration.

Both parties to this contract, by entering into it, are giving up their constitutional right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of arbitration.

The arbitration will be conducted according to the commercial rules of the American Arbitration Association (AAA) in force at the time of the occurrence of the grievance (dispute or controversy) and subject California laws and related codes.

Call Member Services at [888-703-6999]/TTY: [1-877-855-8039], LIBERTY is here Monday through Friday 8:00 a.m. to 5:00 p.m. The call is toll free. Or call the California Relay Line at 711. Visit online at www.libertydentalplan.com.

Arbitration will be conducted by a mutually acceptable arbitrator selected by the parties, or if the parties are unable to agree, by the arbitrator selection process established by AAA.

You can initiate arbitration by submitting a written request for arbitration to [LIBERTY].

- Mail to:
 - [LIBERTY Dental Plan
 - Attn: Arbitration Request
 - P.O. Box 26110
 - Santa Ana, CA 92799-6110]

The written request must include a clear statement describing the nature of the dispute, attempts to resolve the dispute with [LIBERTY], the relief or remedy sought, and the dollar amount involved. The arbitration will take place in California, unless some other location is mutually agreed upon by the parties.

The arbitrator is required to follow applicable state or federal law. The arbitrator can interpret the terms of this EOC but will not have the power to change, modify, or refuse to enforce any of its terms, nor will the arbitrator have the authority to make any award that would not be available in a court of law. The arbitrator will have the power to grant all legal and equitable remedies and award compensatory damages provided by California law, except that punitive damages will not be awarded. At the conclusion of the arbitration, the arbitrator will issue a written opinion and award, setting forth findings of fact and conclusions of law. The award will be final and binding on all parties except to the extent that state or federal law provides for judicial review of arbitration proceedings.

You must pay your own attorney's fees, should you choose to have an attorney. [LIBERTY] will have to pay its own attorney's fees. If you cannot pay your part of the arbitrator's fees and expenses due to extreme hardship, you can ask [LIBERTY] in writing to assume all or a portion of your share of the fees. Upon such written notice, [LIBERTY] can send your request to an independent professional dispute resolution organization to make a determination as to whether [LIBERTY] should pay for some or all of your share of the arbitrator's fees and expenses. Such requests should be submitted to the address provided above.

Arbitration must be initiated within one (1) year of the earlier of the date the dispute arose, was discovered, or should have been discovered with reasonable diligence; otherwise, it will be deemed waived and forever barred.

Call Member Services at [888-703-6999]/TTY: [1-877-855-8039], LIBERTY is here Monday through Friday 8:00 a.m. to 5:00 p.m. The call is toll free. Or call the California Relay Line at 711. Visit online at www.libertydentalplan.com.

LIBERTY Dental Plan of California, Inc.
Children's Dental HMO - LA Care Direct - Minimum Coverage

Individual Deductible: \$9,450 per 2024 Calendar Year - Individual Out of Pocket Maximum: \$9,450 per 2024 Calendar Year

Family Deductible: \$18,900 per 2024 Calendar Year - Family Out of Pocket Maximum: \$18,900 per 2024 Calendar Year

- ✓ Members must visit a LIBERTY Dental Plan contracted dental office to utilize covered benefits. Your dental office will determine a treatment plan or will initiate the specialty referral process with LIBERTY Dental Plan if the recommended covered services are medically necessary and outside the scope of a general dentist.
- ✓ This Benefit Schedule represents the Children's Dental HMO benefits covered as part of your Health Plan offered through LA Care. Any Co-payment for covered dental services will accrue towards the Health Plan's Calendar Year Out-of-Pocket Maximum (which is provided above for your reference). To verify your Out-of-Pocket Maximum you can refer to your Health Plan's Evidence of Coverage booklet, visit your health plan's website at www.lacarecovered.org or call Member Services at 1.855.270.2327 (toll-free).
- ✓ Once your Out-of-Pocket costs for all Medical and Dental covered services reach the combined Out-of-Pocket Maximum, you cannot be charged for covered dental services you receive for the remainder of the [Calendar/ Plan] year. The LIBERTY Dental Plan contracted dental office will be paid for covered services as contracted directly by LIBERTY. Charges for optional and non-covered services are not included in the calculation for the combined out-of-pocket maximum and would remain your financial responsibility. In a plan with two or more members, the first family Member to meet the individual Out-of-Pocket Maximum cannot be charged for covered services for the remainder of the [Calendar/ Plan] year. The family Out-of-Pocket Maximum is met by combining eligible expenses of two or more covered family Members.
- ✓ As part of your health plan benefit, this dental plan shares the Health Plan's Calendar Year Deductible. Dental benefits are covered at 100% by the plan after you meet the Calendar Year Deductible and Calendar Year Out-of-Pocket Maximum. There is no Deductible for Diagnostic and Preventive Services as these are covered at 100%. You are responsible for paying the provider's contracted fees up to the amount of the Deductible before the Plan begins to pay for covered dental services.
- ✓ This Benefit Schedule does not guarantee benefits. All services are subject to eligibility, exclusions and limitations and must be determined to be medically necessary at the time you receive the service. Additional requests, beyond the stated frequency limitations shall be considered for prior authorization when documented medical necessity is provided as required by the Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) benefit.
- ✓ Dental procedures not listed on this Benefit Schedule may be available at the dental office's usual and customary fees.
