L.A. Care
HEALTH PLAN®

Join L.A. Care's Community Advisory Committees!

Be part of our community-driven team to shape a healthier future.

L.A. Care Health Plan

Our Community Roots

Founded in 1997, L.A. Care has grown into the nation's largest publicly operated health plan, serving over **2.5 million members!** We began with a commitment to connecting people with essential health resources and have continued to uphold these values as we serve our members with dedication and care.

Our Mission Statement

L.A. Care's mission is to provide access to quality health care for Los Angeles County's vulnerable and low-income communities and residents, and to support the safety net required to achieve that purpose.

Community Outreach & Engagement

Our Department

The Community Outreach and Engagement (CO&E) department at L.A. Care ensures that community voices shape our services. We manage the Community Advisory Committees (CACs), promoting diversity and representation across all regions.

Ensuring Diversity

Our department is dedicated to ensuring diversity. We work to include voices from all demographics to address specific local needs effectively.

Field Specialists

Field Specialists are the backbone of CO&E. They ensure smooth operations of bimonthly CAC meetings, connect members with resources, and support the activity of our Community Advisory Committees.

Community Advisory Committees (CACs)

Vital Link to L.A. Care Members

Our connection to our members is through our 8 Regional Community Advisory Committees (**RCACs**) & our Executive Community Advisory Committee (**ECAC**). Each of the RCACs represent the 8 Services Planning Areas (**SPAs**) of L.A. County. The RCACs each elect a Chairperson and Vice Chairperson. ECAC is comprised of the Chairperson's of each region plus two at-large members. The RCACs & ECAC work together to directly advise the Board of Governors (**BOG**) on L.A. Care's healthcare policies and initiatives.

BECOME A CAC MEMBER!
