

Enhanced Care Management

L.A. Care covers Enhanced Care Management (ECM) services for members with highly complex needs. ECM is a benefit that provides extra services to help you get the care you need to stay healthy. It coordinates the care you get from different doctors. ECM helps coordinate primary care, acute care, behavioral health, developmental, oral health, community-based long-term services and supports (LTSS), and referrals to available community resources. If you qualify, you may be contacted about ECM services. You can also call L.A. Care to find out if and when you can receive ECM. Or talk to your health care provider who can find out if you qualify for ECM and when and how you can receive it.
