Total	2,102	454	1,648	21.60%		

^{*}Rates are shown for measures with 10 or more eligible (Medi-Cal) members who were active as of December 2018.

Important Note: Data in this report is known to be incomplete. Some services provided to members may be recent, and reported data may not yet have reached L.A. Care. In other cases you, your IPA or medical group, and/or your labs may not have reported results. We need your help! Please work with your IPAs or medical groups to ensure timely, complete and accurate submission of all encounter and lab data. This data is the basis of performance scoring and is essential to success in Physician P4P.

^{**}Threshold and benchmark values are used to define peer group performance in the Physician P4P Program. These are final numbers based on measurement year 2017 data. Please see the Physician P4P Program Manual for additional information.

^{***}Indicates measure is double-weighted in the Physician P4P Program.
