2. About your health plan

Health plan overview

L.A. Care is a health plan for people who have Medi-Cal in these counties: Los Angeles County. L.A. Care works with the State of California to help you get the health care you need.

You may talk with one of the **Member Services** representatives to learn more about the health plan and how to make it work for you. Call **1-888-839-9909** (TTY **711**).

When your coverage starts and ends

When you enroll in L.A. Care, we will send you an ID card within two weeks of your enrollment date. You must show your L.A. Care ID card and your Medi-Cal Benefits Identification Card (BIC) when you get any health care services or prescriptions.

Your Medi-Cal coverage will need to be renewed every year. If your local county office cannot renew your Medi-Cal coverage using electronic sources, the county will send you a Medi-Cal renewal form. Complete this form and return it to your local county human services agency. You can return your information online, in person, or by phone or other electronic means if available in your county.

Your effective date of coverage is the 1st day of the month following completion of enrollment in a health plan. Check your letter from Health Care Options for your coverage effective date.

You may ask to end your L.A. Care coverage and choose another health plan at any time. For help choosing a new plan, call Health Care Options at **1-800-430-4263** (TTY **1-800-430-7077** or **711**). Or visit <https://www.healthcareoptions.dhcs.ca.gov>. You can also ask to end your Medi-Cal.

Emergency services and urgent care are available to all Medi-Cal enrollees statewide regardless of county of residence. Routine and preventive care are covered only in your county of residence.

If you are enrolled in Medi-Cal and will attend college in a different county in California, you do not need to apply for Medi-Cal in that county.

When you temporarily move away from home to go to college in another county in California there are two options available to you. You may:

- Notify the Los Angeles County Department of Public Social Services by calling **1-866-613-3777** or visiting <http://dpss.lacounty.gov> to report that you are temporarily moving to attend college and provide your address in the new county. The county will update the case records with your new address and county code in the State's database. Use this choice if you want to get routine or preventive care in your new county. You may have to change health plans if L.A. Care does not operate in the county where you will attend college. For questions and to prevent any delay in enrolling in the new health plan, call Health Care Options at **1-800-430-4263** (TTY **1-800-430-7077** or **711**).

OR

- Choose not to change your health plan when you temporarily move to attend college in a different county. You will only be able to access emergency room and urgent care services in the new county for some conditions. To learn more, go to Chapter 3, "How to get care." For routine or preventive health care, you would need to use the L.A. Care regular network of providers located in the head of the household's county of residence.

If you are leaving California temporarily to attend college in another state and you want to keep your Medi-Cal coverage, contact your eligibility worker at the Los Angeles County Department of Public Social Services. As long as you are eligible, Medi-Cal will cover emergency services and urgent care in another state. We will also cover emergency care that results in hospitalization in Canada and Mexico if the service is approved and the doctor and hospital meet Medi-Cal rules. Routine and preventive care services, including prescription drugs, are not covered outside of California. If you want Medicaid in another state, you will need to apply in that state. You will not be eligible for Medi-Cal and L.A. Care will not pay for your health care.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

Continuity of care

As a member of L.A. Care, you will get your health care from providers in L.A. Care network. In some cases, you may be able to go to providers who are not in the L.A. Care network. This is called continuity of care. Call L.A. Care and tell us if you need to see a provider that is out of network. We will tell you if you have continuity of care. You are able to use continuity of care, for up to 12 months, or more in some cases, if all of the following are true:

- You have an ongoing relationship with the non-plan provider, prior to enrollment in L.A. Care
- The non-plan provider is willing to work with L.A. Care and agrees to L.A. Care's requirements
- You were seen by the non-plan provider at least once during the twelve (12) months prior to your enrollment with L.A. Care for a non-emergency visit
- You were seen by the non-plan provider at least once during the six (6) months prior to the transition of services from a Regional Center to L.A. Care
- L.A. Care does not have a documented quality of care concern with the non-plan provider

If your providers do not join the L.A. Care network by the end of 12 months, do not agree to L.A. Care payment rates or do not meet quality of care requirements, you will need to switch to providers in the L.A. Care network or call **Member Services 1-888-839-9909 (TTY 711)** to discuss your options.

Providers who leave L.A. Care or non-plan providers

If you are being treated by a provider for certain health conditions who is not a L.A. Care provider or your provider stops working with L.A. Care, you may be able to keep getting services from that provider. This is another form of continuity of care. Services L.A. Care provides for continuity of care include but are not limited to:

- Acute conditions (a medical issue that needs fast attention) – for as long as the condition lasts.
- Chronic physical and behavioral conditions (a medical issue you have for a long time) – for an amount of time required to finish the course of treatment and to arrange for a safe transfer to a new doctor in the L.A. Care network.
- Pregnancy – during the pregnancy and the immediate postpartum period.
- Maternal mental health services
- Care of a newborn child between birth and age 36 months for up to 12 months from the start date of the coverage or the date the provider's contract ends with L.A. Care.
- Terminal illness (a life threatening medical issue) – for as long as the illness lasts. Completion of covered services may exceed twelve (12) months from the time the provider stops working with L.A. Care.

Call member services at **1-888-839-9909 (TTY 711)**.

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

- Performance of a surgery or other medical procedure from a non-plan provider as long as it is covered, medically necessary and is authorized by L.A. Care as part of a documented course of treatment and has been recommended and documented by the provider – surgery or other medical procedure to take place within 180 days of the provider’s contract termination date or 180 days from the effective date of coverage of a new member.

For other conditions that may qualify, contact **Member Services** at **1-888-839-9909** (TTY **711**).

If the non-plan provider is not willing to continue to provide services, does not agree on payment or other terms for providing care, then you will not be able to receive continued care from the provider. Call **Member Services** at **1-888-839-9909** (TTY **711**) for help selecting a contracted provider to continue with your care or if you have any questions or problems in receiving covered services from a provider who is no longer part of L.A. Care.

L.A. Care is not required to provide continuity of care for services not covered by Medi-Cal, durable medical equipment, transportation, other ancillary services and carved-out service providers. To learn more about continuity of care and eligibility qualifications, and to hear about all available services, call **1-888-839-9909** (TTY **711**).

Costs

Member costs

L.A. Care serves people who qualify for Medi-Cal. In most cases, L.A. Care members do **not** have to pay for covered services, premiums or deductibles. Except for emergency care, urgent care or sensitive care, you must get pre-approval from L.A. Care before you see a provider outside the L.A. Care network. If you do not get pre-approval and you go to a provider outside of the network for care that is not emergency care, urgent care or sensitive care, you may have to pay for care from providers who are out of the network. For a list of covered services, go to “Benefits and services.”

For members with long term care and a share of cost

You may have to pay a share of cost each month for your long-term care services. The amount of your share of cost depends on your income and resources. Each month you will pay your own medical bills, including but not limited to Managed Long Term Support Service (MLTSS) bills, until the amount that you have paid equals your share of cost. After that, your long-term care will be covered by L.A. Care for that month. You will not be covered by L.A. Care until you have paid your entire long-term care share of cost for the month.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

How a provider gets paid

L.A. Care pays providers in these ways:

- Capitation payments
 - L.A. Care pays some providers a set amount of money every month for each L.A. Care member. This is called a capitation payment. L.A. Care and providers work together to decide on the payment amount.
- FFS payments
 - Some providers give care to L.A. Care members and then send L.A. Care a bill for the services they provided. This is called a FFS payment. L.A. Care and providers work together to decide how much each service costs.

To learn more about how L.A. Care pays providers, call **1-888-839-9909** (TTY **711**).

Provider incentive programs

L.A. Care has provider incentive programs to improve your care and your experience with L.A. Care providers. These programs help improve:

- Quality of care
- Access and availability to care and services
- Treatments provided
- Member satisfaction

To learn more about these programs, call **Member Services** at **1-888-839-9909** (TTY **711**).

Asking L.A. Care to pay a bill

Covered services are health care services that L.A. Care is responsible to pay for. If you get a bill for support services fees, copays or registration fees for a covered service, do not pay the bill. Call **Member Services** right away at **1-888-839-9909** (TTY **711**).

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

Asking L.A. Care to pay you back for expenses

If you paid for services you already received and you want L.A. Care to reimburse you (pay you back), you must meet **all** of the following conditions:

- The service you received is a covered service that L.A. Care is responsible to pay for. L.A. Care will not reimburse you for a service that is not covered by either Medi-Cal or L.A. Care.
- You received the covered service after you became an eligible L.A. Care member.
- You ask to be paid back within one year from the date you received the covered service.
- You provide proof that you paid for the covered service, such as a detailed receipt from the provider.
- You received the covered service from a Medi-Cal enrolled provider in L.A. Care's network. You do not need to meet this condition if you received emergency services, family planning services, or another service that Medi-Cal allows out-of-network providers to perform without pre-approval.
- If the covered service normally requires pre-approval, you provide proof from the provider that shows a medical need for the covered service.

L.A. Care will tell you of its decision to reimburse you in a letter called a Notice of Action. If you meet all of the above conditions, the Medi-Cal-enrolled provider should pay you back for the full amount you paid. If the provider refuses to pay you back, L.A. Care will pay you back for the full amount you paid. If the provider is enrolled in Medi-Cal, but is not in the L.A. Care network and refuses to pay you back, L.A. Care will pay you back, but only up to the amount that FFS Medi-Cal would pay. L.A. Care will pay you back for the full out-of-pocket amount for emergency services, family planning services, or another service that Medi-Cal allows to be provided by out-of-network providers without pre-approval. If you do not meet one of the above conditions, L.A. Care will not pay you back.

L.A. Care will not pay you back if:

- You asked for and received services that are not covered by Medi-Cal, such as cosmetic services.
- You have an unmet Medi-Cal Share of Cost.
- You went to a doctor who does not take Medi-Cal and you signed a form that said you want to be seen anyway and you will pay for the services yourself.
- You asked to be paid back for co-pays for prescriptions covered by your Medicare Part D plan.

If you get a bill for a covered service, call **Member Services** right away at **1-888-839-9909 (TTY 711)**. If you pay for a service that you think L.A. Care should cover, you can file a claim. Call **1-888-839-9909 (TTY 711)** to ask L.A. Care to review your claim to decide if you can get money back.

Call member services at **1-888-839-9909 (TTY 711)**.

3. How to get care

Getting health care services

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED

You can begin to get health care services on your effective date of enrollment. Always carry your L.A. Care ID card, Medi-Cal Benefits Identification Card (BIC), and any other health insurance cards you have with you. Never let anyone else use your BIC or L.A. Care ID card.

New members must choose a primary care provider (PCP) in the L.A. Care network. The L.A. Care network is a group of doctors, hospitals and other providers who work with L.A. Care. You must choose a PCP within 30 days from the time you become a member in L.A. Care. If you do not choose a PCP, L.A. Care will choose one for you.

You may choose the same PCP or different PCPs for all family members in L.A. Care, as long as the PCP is available.

If you have a doctor you want to keep, or you want to find a new PCP, you can look in the Provider Directory. It has a list of all PCPs in the L.A. Care network. The Provider Directory has other information to help you choose a PCP. If you need a Provider Directory, call **1-888-839-9909** (TTY **711**). You can also find the Provider Directory on the L.A. Care website at lacare.org.

If you cannot get the care you need from a participating provider in the L.A. Care network, your PCP must ask L.A. Care for approval to send you to an out-of-network provider. This is called a referral. You do not need approval to go to an out-of-network provider to get sensitive services that are described under the heading "Sensitive care" later in this chapter.

Read the rest of this chapter to learn more about PCPs, the Provider Directory and the provider network.

Pharmacy benefits are now administered through the Fee-For-Service (FFS) Medi-Cal Rx program. To learn more, read the "Other Medi-Cal programs and services" section in Chapter 4.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

Primary care provider (PCP)

You must choose a PCP within 30 days of enrolling in L.A. Care. Depending on your age and sex, you may choose a general practitioner, OB/GYN, family practitioner, internist or pediatrician as your primary care provider (PCP). A nurse practitioner (NP), physician assistant (PA) or certified nurse midwife may also act as your PCP. If you choose an NP, PA or certified nurse midwife, you may be assigned a doctor to oversee your care. If you are in both Medicare and Medi-Cal, or if you have other health care insurance, you do not have to choose a PCP.

You can choose an Indian Health Care Provider (IHCP), Federally Qualified Health Center (FQHC) or Rural Health Clinic (RHC) as your PCP. Depending on the type of provider, you may be able to choose one PCP for your entire family who are members of L.A. Care, as long as the PCP is available.

Note: American Indians may choose an IHCP as their PCP, even if the IHCP is not in the L.A. Care network.

If you do not choose a PCP within 30 days of enrollment, L.A. Care will assign you to a PCP. If you are assigned to a PCP and want to change, call **Member Services** at **1-888-839-9909** (TTY **711**). The change happens the first day of the next month.

Your PCP will:

- Get to know your health history and needs
- Keep your health records
- Give you the preventive and routine health care you need
- Refer (send) you to a specialist if you need one
- Arrange for hospital care if you need it

You can look in the Provider Directory to find a PCP in the L.A. Care network. The Provider Directory has a list of IHCPs, FQHCs and RHCs that work with L.A. Care.

You can find the L.A. Care Provider Directory online at lacare.org. Or you can request a Provider Directory to be mailed to you by calling **Member Services** at **1-888-839-9909** (TTY **711**). You can also call to find out if the PCP you want is taking new patients.

Choice of doctors and other providers

You know your health care needs best, so it is best if you choose your PCP.

It is best to stay with one PCP so they can get to know your health care needs. However, if you want to change to a new PCP, you can change anytime. You must choose a PCP who is in the L.A. Care provider network and is taking new patients.

Your new choice will become your PCP on the first day of the next month after you make the change.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

To change your PCP, call **Member Services** at **1-888-839-9909** (TTY **711**).

L.A. Care may ask you to change your PCP if the PCP is not taking new patients, has left the L.A. Care network or does not give care to patients your age. L.A. Care or your PCP may also ask you to change to a new PCP if you cannot get along with or agree with your PCP, or if you miss or are late to appointments. If L.A. Care needs to change your PCP, L.A. Care will tell you in writing.

If your PCP changes, you will get a new L.A. Care member ID card in the mail. It will have the name of your new PCP. Call **Member Services** if you have questions about getting a new ID card.

Some things to think about when picking a PCP:

- Does the PCP take care of children?
- Does the PCP work at a clinic I like to use?
- Is the PCP's office close to my home, work or children's school?
- Is the PCP's office near where I live and is it easy to get to the PCP's office?
- Do the doctors and staff speak my language?
- Does the PCP work with a hospital that I like?
- Does the PCP provide the services that I may need?
- Do the PCP's office hours fit my schedule?

Initial health assessment (IHA)

L.A. Care recommends that, as a new member, you visit your new PCP within the first 120 days for an initial health assessment (IHA). The purpose of the IHA is to help your PCP learn your health care history and needs. Your PCP may ask you some questions about your health history or may ask you to complete a questionnaire. Your PCP will also tell you about health education counseling and classes that may help you.

When you call to schedule your IHA appointment, tell the person who answers the phone that you are a member of L.A. Care. Give your L.A. Care ID number.

Take your BIC and L.A. Care ID card to your appointment. It is a good idea to take a list of your medications and questions with you to your visit. Be ready to talk with your PCP about your health care needs and concerns.

Be sure to call your PCP's office if you are going to be late or cannot go to your appointment.

If you have questions about IHA, call **Member Services** at **1-888-839-9909** (TTY **711**).

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at [lacare.org](https://www.lacare.org).

Routine care

Routine care is regular health care. It includes preventive care, also called wellness or well care. It helps you stay healthy and helps keep you from getting sick. Preventive care includes regular checkups and health education and counseling. Children are able to receive much needed early preventive services like hearing and vision screening, assessments of developmental process and many more services that are recommended by pediatricians' Bright Futures guidelines. In addition to preventive care, routine care also includes care when you are sick. L.A. Care covers routine care from your PCP.

Your PCP will:

- Give you all your routine care, including regular checkups, shots, treatment, prescriptions and medical advice
- Keep your health records
- Refer (send) you to specialists if needed
- Order X-rays, mammograms or lab work if you need them

When you need routine care, you will call your PCP for an appointment. Be sure to call your PCP before you get medical care, unless it is an emergency. For an emergency, call **911** or go to the nearest emergency room.

To learn more about health care and services your plan covers, and what it does not cover, read "Benefits and services" and "Child and youth well care" in this handbook.

All L.A. Care providers can use aids and services to communicate with people with disabilities. They can also communicate with you in another language or format. Tell your provider or L.A. Care what you need.

Provider network

The provider network is the group of doctors, hospitals and other providers that work with L.A. Care. You will get most of your covered services through the L.A. Care network.

Note: American Indians may choose an IHCP as their PCP, even if the IHCP is not in the L.A. Care network.

If your PCP, hospital or other provider has a moral objection to providing you with a covered service, such as family planning or abortion, call **Member Services** at **1-888-839-9909 (TTY 711)**. For more about moral objections, read the "Moral objection" section later in this chapter.

If your provider has a moral objection, they can help you find another provider who will give you the services you need. L.A. Care can also help you find a provider who will perform the service.

Call member services at **1-888-839-9909 (TTY 711)**.

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

In network providers

You will use providers in the L.A. Care network for most of your health care needs. You will get preventive and routine care from your PCP. You will also use specialists, hospitals and other providers in the L.A. Care network.

To get a Provider Directory of network providers, call **Member Services** at **1-888-839-9909** (TTY **711**). You can also find the Provider Directory online at lacare.org. To get a copy of the Contract Drug List, call Medi-Cal Rx at **800-977-2273** (TTY **800-977-2273** and press 5 or **711**). Or visit the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>.

For emergency care, call **911** or go to the nearest emergency room.

Except for emergency care or sensitive care, you must get pre-approval from L.A. Care before you see a provider outside the L.A. Care network. If you do not get pre-approval and you go to a provider outside of the network for care that is not emergency care or sensitive care, you may have to pay for care from providers who are out-of-network.

Out-of-network providers who are inside the service area

Out-of-network providers are those that do not have an agreement to work with L.A. Care. Except for emergency care, you may have to pay for care from providers who are out of the network. If you need covered health care services, you may be able to get them out of the network at no cost to you as long as they are medically necessary and not available in the network.

L.A. Care may approve a referral to an out-of-network provider if the services you need are not available in-network or are located very far from your home. If we give you a referral to an out-of-network provider, we will pay for your care.

You must get pre-approval (prior authorization) before you go to an out-of-network provider inside the L.A. Care service area except for emergency care and sensitive care. For urgent care inside the L.A. Care service area, you must see a L.A. Care network provider. You do not need pre-approval to get urgent care from a network provider. If you do not get pre-approval, you may have to pay for the urgent care you get from out-of-network providers inside the L.A. Care service area. For more information on emergency care, urgent care and sensitive care services, go to those headings in this chapter.

Note: If you are an American Indian, you can get care at an IHCP outside of our provider network without a referral.

If you need help with out-of-network services, call **Member Services** at **1-888-839-9909** (TTY **711**).

Outside the service area

If you are outside of the L.A. Care service area and need care that is **not** an emergency or urgent, call your PCP right away. Or call **Member Services** at **1-888-839-9909** (TTY **711**). Members that need non-emergency or non-urgent care outside of the L.A. Care service area and/or provider network, must have pre-approval prior to getting the service. Please call your PCP or L.A. Care **Member Services**.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

For emergency care, call **911** or go to the nearest emergency room. L.A. Care covers out-of-network emergency care. If you travel to Canada or Mexico and need emergency services requiring hospitalization, L.A. Care will cover your care. If you are traveling internationally outside of Canada or Mexico and need emergency care, L.A. Care will **not** cover your care.

If you pay for emergency services requiring hospitalization in Canada or Mexico, you can ask L.A. Care to pay you back. L.A. Care will review your request.

If you are in another State, including US territories (American Samoa, Guam, Northern Mariana Islands, Puerto Rico and the US Virgin Islands), you are covered for emergency care, but not all hospitals and doctors accept Medicaid (Medicaid is what Medi-Cal is called in other States). If you need emergency care outside of California, tell the hospital or emergency room doctor that you have Medi-Cal and are a L.A. Care member as soon as possible. Ask the hospital to make copies of your L.A. Care ID card. Tell the hospital and the doctors to bill L.A. Care. If you get a bill for services you received in another State, call L.A. Care immediately. We will work with the hospital and/or doctor to arrange for L.A. Care to pay for your care.

If you are outside of California and have an emergency need to fill outpatient prescription drugs, then please have the pharmacy call Medi-Cal Rx at **800-977-2273** for assistance.

Note: American Indians may get services at out-of-network IHCPs.

If you have questions about out-of-network or out-of-service-area care, call **Member Services** at **1-888-839-9909** (TTY **711**). If the office is closed and you want help from a representative, call the **Nurse Advice Line** 24 hours a day, 7 days a week, including holidays at **1-800-249-3619** (TTY **711**).

Delegated Model Managed Care Plans

L.A. Care works with a large number of doctors, specialists, pharmacies, hospitals, and other health care providers. Some of these providers work within a network, sometimes called a “medical group” or an “independent practice association (IPA).” These providers may also be directly contracted with L.A. Care.

Your primary care provider (PCP) will refer you to specialists and services that are connected with his or her medical group, IPA or with L.A. Care. If you are going to a specialist already, talk with your PCP or call **Member Services** at **1-888-839-9909** (TTY **711**). **Member Services** will help you see that provider if you are eligible for continuity of care. For more information, go to the continuity of care section in this handbook.

Doctors

You will choose your doctor to be your primary care provider (PCP) from the L.A. Care Provider Directory. The doctor you choose must be a network provider. To get a copy of the L.A. Care Provider Directory, call **Member Services** at **1-888-839-9909** (TTY **711**). Or find it online at lacare.org.

If you are choosing a new doctor, you should also call to make sure the PCP you want is taking new patients.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

If you had a doctor before you were a member of L.A. Care, and that doctor is not part of the L.A. Care network, you may be able to keep that doctor for a limited time. This is called continuity of care. You can read more about continuity of care in this handbook. To learn more, call **Member Services** at **1-888-839-9909** (TTY **711**).

If you need a specialist, your PCP will refer you to a specialist in the L.A. Care network.

Remember, if you do not choose a PCP, L.A. Care will choose one for you. You know your health care needs best, so it is best if you choose. If you are in both Medicare and Medi-Cal, or if you have other health care insurance, you do not have to choose a PCP.

If you want to change your PCP, you must choose a PCP from the L.A. Care Provider Directory. Be sure the PCP is taking new patients. To change your PCP, call **Member Services** at **1-888-839-9909** (TTY **711**). You may also change your PCP by logging onto the L.A. Care Connect member portal at <https://members.lacare.org>.

Hospitals

In an emergency, call **911** or go to the nearest hospital.

If it is not an emergency and you need hospital care, your PCP will decide which hospital you go to. You will need to go to a hospital that your PCP uses and is in the L.A. Care provider network. The hospitals in the L.A. Care network are listed in the Provider Directory. Hospital admissions, other than emergencies, must have pre-approval (prior authorization).

Women's health specialists

You may go to a women's health specialist within L.A. Care's network for covered care necessary to provide women's routine and preventive health care services. You do not need a referral from your PCP to get these services. For help finding a women's health specialist, you can call **Member Services** at **1-888-839-9909** (TTY **711**). You may also call the 24/7 L.A. Care **Nurse Advice Line** at **1-800-249-3619** (TTY **711**).

Provider Directory

The L.A. Care Provider Directory lists providers that participate in the L.A. Care network. The network is the group of providers that work with L.A. Care.

The L.A. Care Provider Directory lists hospitals, PCPs, specialists, nurse practitioners, nurse midwives, physician assistants, family planning providers, Federally Qualified Health Centers (FQHCs), outpatient mental health providers, managed long-term services and supports (MLTSS), Freestanding Birth Centers (FBCs), Indian Health Care Providers (IHCPs) and Rural Health Clinics (RHCs).

The Provider Directory has L.A. Care network provider names, specialties, addresses, phone numbers, business hours and languages spoken. It tells if the provider is taking new patients. It also gives the level of physical accessibility for the building, such as parking, ramps, stairs with handrails, and restrooms with wide doors and grab bars. If you want information about a doctor's education, training, and board certification, please call **Member Services** at **1-888-839-9909** (TTY **711**).

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

You can find the online Provider Directory at lacare.org.

If you need a printed Provider Directory, call **Member Services** at **1-888-839-9909** (TTY **711**).

You can find a list of pharmacies that work with Medi-Cal Rx in the Medi-Cal Rx Pharmacy Directory at <https://medi-calrx.dhcs.ca.gov/home/>. You can also find a pharmacy near you by calling Medi-Cal Rx at 800-977-2273 (TTY 800-977-2273 and press 5 or 711).

Timely access to care

Your provider must offer you an appointment within the time frames listed below.

Sometimes waiting longer for care is not a problem. Your provider may give you a longer wait time if it would not be harmful to your health. It must be noted in your record that a longer wait time will not be harmful to your health.

Appointment Type	You Should Be Able to Get an Appointment Within:
Urgent care appointments that do not require pre-approval (prior authorization)	48 hours
Urgent care appointments that do require pre-approval (prior authorization)	96 hours
Non-urgent (routine) primary care appointments	10 business days
Non-urgent (routine) specialist care appointments	15 business days
Non-urgent (routine) mental health provider (non-doctor) care appointments	10 business days
Non-urgent (routine) appointments for ancillary (supporting) services for the diagnosis or treatment of injury, illness or other health condition	15 business days
Telephone wait times during normal business hours	10 minutes

Travel time or distance to care

L.A. Care must follow travel time or distance standards for your care. Those standards help to make sure you can get care without having to travel too long or too far from where you live. Travel time or distance standards depend on the county you live in.

If L.A. Care is not able to provide care to you within these travel time or distance standards, DHCS may approve a different standard, called an alternative access standard. For L.A. Care's time or distance standards for where you live, visit lacare.org. Or call **Member Services** at **1-888-839-9909** (TTY **711**).

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

If you need care from a provider and that provider is located far from where you live, call **Member Services** at **1-888-839-9909** (TTY **711**). They can help you find care with a provider located closer to you. If L.A. Care cannot find care for you with a closer provider, you can ask L.A. Care to arrange transportation for you to go to your provider, even if that provider is located far from where you live. If you need help with pharmacy providers, please call Medi-Cal Rx at **800-977-2273** (TTY **800-977-2273** and press 5 or **711**).

It is considered far if you cannot get to that provider within the L.A. Care's travel time or distance standards for your county, regardless of any alternative access standard L.A. Care may use for your ZIP Code.

Appointments

When you need health care:

- Call your PCP
- Have your L.A. Care ID number ready on the call
- Leave a message with your name and phone number if the office is closed
- Take your BIC and L.A. Care ID card to your appointment
- Ask for transportation to your appointment, if needed
- Ask for language assistance or interpreting services, if needed
- Be on time for your appointment, arriving a few minutes early to sign in, fill out forms and answer any questions your PCP may have
- Call right away if you cannot keep your appointment or will be late
- Have your questions and medication information ready in case you need them

If you have an emergency, call **911** or go to the nearest emergency room.

Getting to your appointment

If you don't have a way to get to and from your health care services and appointments, we can help arrange transportation for you. Transportation help is available for services and appointments that are not related to emergency services and you may be able to get a free ride. This service, called medical transportation, is **not** for emergencies. If you are having an emergency, call **911**.

Go to the section "Transportation benefits" for more information.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

Canceling and rescheduling

If you can't make your appointment, call your provider's office right away. Most doctors ask you to call 24 hours (1 business day) before your appointment if you have to cancel. If you miss repeated appointments, your doctor may not want to see you as a patient anymore.

Payment

You do **not** have to pay for covered services. In most cases, you will not get a bill from a provider. You must show your L.A. Care ID card and your Medi-Cal BIC when you get any health care services or prescriptions so your provider knows who to bill. You may get an Explanation of Benefits (EOB) or a statement from a provider. EOBs and statements are not bills.

If you do get a bill, call **Member Services** at **1-888-839-9909** (TTY **711**). If you get a bill for prescriptions, call Medi-Cal Rx at **800-977-2273** (TTY **800-977-2273** and press 5 or **711**). Or visit the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>. Tell L.A. Care the amount charged, the date of service and the reason for the bill. You are **not** responsible to pay a provider for any amount owed by L.A. Care for any covered service. You must get pre-approval (prior authorization) before you go to an out-of-network provider, except for emergency care or sensitive care and urgent care (within the L.A. Care service area).

If you do not get pre-approval, you may have to pay for care from providers who are not in the network. If you need covered health care services, you may be able to get them at an out-of-network provider at no cost to you, as long as they are medically necessary, not available in the network and pre-approved by L.A. Care. For more information about emergency care, urgent care, and sensitive services, go to those headings in this chapter.

If you get a bill or are asked to pay a co-pay that you think you did not have to pay, call **Member Services** at **1-888-839-9909** (TTY **711**). If you pay the bill, you can file a claim with L.A. Care. You will need to tell L.A. Care why you had to pay for the item or service. L.A. Care will decide if you can get money back. For questions call **Member Services** at **1-888-839-9909** (TTY **711**).

If you receive services in the Veterans Affairs system or non-covered or unauthorized services received outside of California, you may be responsible for payment.

L.A. Care will not pay you back if:

- You asked for and received services that are not covered by Medi-Cal such as cosmetic services.
- You have an unmet Medi-Cal Share of Cost.
- You went to a doctor who does not take Medi-Cal and you signed a form that said you want to be seen anyway and you will pay for the services yourself.
- You asked to be paid back for co-pays for prescriptions covered by your Medicare Part D plan.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

Referrals

Your PCP will give you a referral to send you to a specialist if you need one. A specialist is a doctor who has extra education in one area of medicine. Your PCP will work with you to choose a specialist. Your PCP's office can help you set up a time to go to the specialist.

Other services that might need a referral include in-office procedures, X-rays, lab work and specialists.

Your PCP may give you a form to take to the specialist. The specialist will fill out the form and send it back to your PCP. The specialist will treat you for as long as they think you need treatment.

If you have a health problem that needs special medical care for a long time, you may need a standing referral. This means you can go to the same specialist more than once without getting a referral each time.

If you have trouble getting a standing referral or want a copy of the L.A. Care referral policy, call **Member Services** at **1-888-839-9909** (TTY **711**).

You do not need a referral for:

- PCP visits
- Obstetrics/Gynecology (OB/GYN) visits
- Urgent or emergency care visits
- Adult sensitive services, such as sexual assault care
- Family planning services (to learn more, call Office of Family Planning Information and Referral Service at **1-800-942-1054**)
- HIV testing and counseling (12 years or older)
- Sexually transmitted infection services (12 years or older)
- Chiropractic services (a referral may be required when provided by out-of-network FQHCs, RHCs and IHCPs)
- Initial mental health assessment
- Ongoing mental health therapy

Minors can also get certain outpatient mental health services, sensitive services and substance use disorder services without parent's consent. For more information, read "Minor consent services" and "Substance use disorder treatment services" in this handbook.

Pre-approval (prior authorization)

For some types of care, your PCP or specialist will need to ask L.A. Care for permission before you get the care. This is called asking for prior authorization, prior approval, or pre-approval. It means that L.A. Care must make sure that the care is medically necessary or needed.

Medically Necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduce severe pain from a diagnosed disease, illness or injury. For Members under the age of 21, Medi-Cal services includes care that is medically necessary to fix or help relieve a physical or mental illness or condition.

The following services always need pre-approval (prior authorization), even if you get them from a provider in the L.A. Care network:

- Hospitalization, if not an emergency
- Services out of the L.A. Care service area, if not an emergency or urgent
- Outpatient surgery
- Long-term care at a nursing facility
- Specialized treatments
- Medical transportation services when it is not an emergency. Emergency ambulance services do not require pre-approval.
- Major organ transplant

Under Health and Safety Code Section 1367.01(h)(1), L.A. Care will decide routine pre-approvals (prior authorizations) within 5 working days of when L.A. Care gets the information reasonably needed to decide.

For requests in which a provider indicates or L.A. Care determines that following the standard timeframe could seriously endanger your life or health or ability to attain, maintain, or regain maximum function, L.A. Care will make an expedited (fast) pre-approval (prior authorization) decision. L.A. Care will give you notice as quickly as your health condition requires and no later than 72 hours after getting the request for services.

Pre-approval (prior authorization) requests are reviewed by clinical or medical staff, such as doctors, nurses and pharmacists.

L.A. Care does **not** pay the reviewers to deny coverage or services. If L.A. Care does not approve the request, L.A. Care will send you a Notice of Action (NOA) letter. The NOA letter will tell you how to file an appeal if you do not agree with the decision.

L.A. Care will contact you if L.A. Care needs more information or more time to review your request.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at [lacare.org](https://www.lacare.org).

You never need pre-approval (prior authorization) for emergency care, even if it is out of the network and out of your service area. This includes labor and delivery if you are pregnant. You do not need pre-approval (prior authorization) for sensitive services, such as family planning, HIV/AIDS services, and outpatient abortions.

For questions about pre-approval (prior authorization), call **Member Services** at **1-888-839-9909** (TTY **711**).

Second opinions

You might want a second opinion about care your provider says you need or about your diagnosis or treatment plan. For example, you may want a second opinion if you are not sure you need a prescribed treatment or surgery, or you have tried to follow a treatment plan and it has not worked.

If you want to get a second opinion, we will refer you to a qualified network provider who can give you a second opinion. For help choosing a provider, call **Member Services** at **1-888-839-9909** (TTY **711**).

L.A. Care will pay for a second opinion if you or your network provider asks for it and you get the second opinion from a network provider. You do not need permission from L.A. Care to get a second opinion from a network provider. However, if you need a referral, your network provider can help you get a referral for a second opinion if you need one.

If there is no provider in the L.A. Care network to give you a second opinion, L.A. Care will pay for a second opinion from an out-of-network provider. L.A. Care will tell you within 5 business days if the provider you choose for a second opinion is approved. If you have a chronic, severe or serious illness, or face an immediate and serious threat to your health, including, but not limited to, loss of life, limb, or major body part or bodily function, L.A. Care will tell you in writing within 72 hours.

If L.A. Care denies your request for a second opinion, you may file a grievance. To learn more about grievances, go to the “Complaints” heading in the Chapter titled “Reporting and Solving Problems” in this handbook.

Sensitive care

Minor consent services

You may only get the following services without your parent or guardian's permission if you are 12 years old or older:

- Outpatient mental health care for (minors age 12 or older):
 - Sexual assault (no lower age limit)
 - Incest
 - Physical assault
 - Child abuse
 - When you have thoughts of hurting yourself or others (minors age 12 or older)
- HIV/AIDS prevention/testing/treatment
- Sexually transmitted infections prevention/testing/treatment
- Substance use disorder treatment services (minors age 12 or older). For more information, see "Substance use disorder treatment services" in this handbook.

If you are under 18 years old, you can go to a doctor without permission from your parents or guardian for these types of care:

- Pregnancy
- Family planning/birth control (including sterilization)
- Abortion services

For pregnancy testing, family planning services, birth control, or sexually transmitted infection services, the doctor or clinic does not have to be part of the L.A. Care network. You can choose any Medi-Cal provider and go to them for these services without a referral or pre-approval (prior authorization). Services from an out-of-network provider not related to sensitive care may not be covered. For help finding a doctor or clinic giving these services, or for help getting to these services (including transportation), you can call **Member Services** at **1-888-839-9909** (TTY **711**).

Minors can talk to a representative in private about their health concerns by calling the 24/7 **Nurse Advice Line** at **1-800-249-3619** (TTY **711**).

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at [lacare.org](https://www.lacare.org).

Adult sensitive services

As an adult (18 years or older), you may not want to go to your PCP for certain sensitive or private care. If so, you may choose any doctor or clinic for the following types of care:

- Family planning and birth control (including sterilization)
- Pregnancy testing and counseling
- HIV/AIDS prevention and testing
- Sexually transmitted infections prevention, testing and treatment
- Sexual assault care
- Outpatient abortion services

The doctor or clinic does not have to be part of the L.A. Care network. You can choose any provider and go to them without a referral or pre-approval (prior authorization) for these services. Services from an out-of-network provider not related to sensitive care may not be covered. For help finding a doctor or clinic giving these services, or for help getting to these services (including transportation), you can call **Member Services** at **1-888-839-9909** (TTY **711**). You may also call the 24/7 **Nurse Advice Line** at **1-800-249-3619** (TTY **711**).

Moral objection

Some providers have a moral objection to some covered services. This means they have a right to **not** offer some covered services if they morally disagree with the services. If your provider has a moral objection, they will help you find another provider for the needed services. L.A. Care can also work with you to find a provider.

Some hospitals and other providers do not provide one or more of the following services that may be covered under your plan contract and that you or your family member might need:

- **Family planning;**
- **Contraceptive services, including emergency contraception;**
- **Sterilization, including tubal ligation at the time of labor and delivery;**
- **Infertility treatments;**
- **Abortion.**

You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association, or clinic, or call L.A. Care at 1-888-839-9909 (TTY 711) to ensure that you can obtain the health care services that you need.

These services are available and L.A. Care must ensure you or your family member sees a provider or is admitted to a hospital that will perform the covered services. Call L.A. Care at **1-888-839-9909** (TTY **711**) if you have questions or need help finding a provider.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at [lacare.org](https://www.lacare.org).

Urgent care

Urgent care is **not** for an emergency or life-threatening condition. It is for services you need to prevent serious damage to your health from a sudden illness, injury or complication of a condition you already have. Most urgent care appointments do not need pre-approval (prior authorization) and are available within 48 hours of your request for an appointment. If the urgent care services you need require a pre-approval, you will be offered an appointment within 96 hours of your request.

For urgent care, call your PCP. If you cannot reach your PCP, call **Member Services** at **1-888-839-9909** (TTY **711**). Or you can call the **Nurse Advice Line** 24 hours a day, 7 days a week, including holidays at **1-800-249-3619** (TTY **711**), to learn the level of care that is best for you. You can also chat with a nurse online for free. Please visit [lacare.org](https://members.lacare.org) and log onto the L.A. Care Connect member portal at <https://members.lacare.org>, to access the nurse chat function.

If you need urgent care out of the area, go to the nearest urgent care facility. Urgent care needs could be a cold, sore throat, fever, ear pain, sprained muscle or maternity services. You do not need pre-approval (prior authorization). If you need mental health urgent care, call your county mental health plan or **Member Services** at **1-888-839-9909** (TTY **711**). You may call your county mental health plan or your L.A. Care Behavioral Health Organization any time, 24 hours a day, 7 days a week. To find all counties' toll-free telephone numbers online, visit <http://www.dhcs.ca.gov/individuals/Pages/MHPContactList.aspx>.

Emergency care

For emergency care, call **911** or go to the nearest emergency room (ER). For emergency care, you do **not** need pre-approval (prior authorization) from L.A. Care. You have the right to use any hospital or other setting for emergency care, including in Canada and Mexico. Emergency care and other care in other countries are not covered.

Emergency care is for life-threatening medical conditions. This care is for an illness or injury that a prudent (reasonable) layperson (not a health care professional) with average knowledge of health and medicine could expect that, if you don't get care right away, you would place your health (or your unborn baby's health) in serious danger, or you risk serious harm to your body functions, body organ or body part. Examples may include, but are not limited to:

- Active labor
- Broken bone
- Severe pain
- Chest pain
- Trouble breathing
- Severe burn
- Drug overdose
- Fainting
- Severe bleeding
- Psychiatric emergency conditions, such as severe depression or suicidal thoughts

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

Do not go to the ER for routine care or care that is not needed right away. You should get routine care from your PCP, who knows you best. If you are not sure if your medical condition is an emergency, call your PCP. You may also call the 24/7 **Nurse Advice Line** at **1-800-249-3619** (TTY **711**).

If you need emergency care away from home, go to the nearest emergency room (ER), even if it is not in the L.A. Care network. If you go to an ER, ask them to call L.A. Care. You or the hospital to which you were admitted should call L.A. Care within 24 hours after you get emergency care. If you are traveling outside the U.S., other than to Canada or Mexico, and need emergency care, L.A. Care will **not** cover your care.

If you need emergency transportation, call **911**. You do not need to ask your PCP or L.A. Care first before you go to the ER.

If you need care in an out-of-network hospital after your emergency (post-stabilization care), the hospital will call L.A. Care.

Remember: Do not call **911** unless it is an emergency. Get emergency care only for an emergency, not for routine care or a minor illness like a cold or sore throat. If it is an emergency, call **911** or go to the nearest emergency room.

L.A. Care Nurse Advice Line gives you free medical information and advice 24 hours a day, every day of the year. Call 1-800-249-3619 (TTY 711).

Advance directives

An advance health directive is a legal form. On it, you can list what health care you want in case you cannot talk or make decisions later on. You can list what care you do **not** want. You can name someone, such as a spouse, to make decisions for your health care if you cannot.

You can get an advance directive form at pharmacies, hospitals, law offices and doctors' offices. You may have to pay for the form. You can also find and download a free form online. You can ask your family, PCP or someone you trust to help you fill out the form.

You have the right to have your advance directive placed in your medical records. You have the right to change or cancel your advance directive at any time.

You have the right to learn about changes to advance directive laws. L.A. Care will tell you about changes to the state law no longer than 90 days after the change.

You can call L.A. Care at **Member Services** at **1-888-839-9909** (TTY **711**) for more information.

Organ and tissue donation

Adults can help save lives by becoming an organ or tissue donor. If you are between 15 and 18 years old, you can become a donor with the written consent of your parent or guardian. You can change your mind about being an organ donor at any time. If you want to learn more about organ or tissue donation, talk to your PCP. 4. Benefits and services

What your health plan covers

This chapter explains your covered services as a member of L.A. Care. Your covered services are free as long as they are medically necessary and provided by an in-network provider. You must ask us for pre-approval (prior authorization) if the care is out-of-network except for sensitive services, emergencies and some urgent care services. Your health plan may cover medically necessary services from an out-of-network provider. But you must ask L.A. Care for pre-approval (prior authorization) for this. Medically necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduces severe pain from a diagnosed disease, illness or injury. For Members under the age of 21, Medi-Cal services include care that is medically necessary to fix or help relieve a physical or mental illness or condition. For more details on your covered services, call **Member Services** at **1-888-839-9909** (TTY **711**).

Members under 21 years old get extra benefits and services. Read Chapter 5: Child and youth well care for more information.

Medically necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduce severe pain from a diagnosed disease, illness or injury.

Medically necessary services include those services that are necessary for age-appropriate growth and development, or to attain, maintain, or regain functional capacity.

For Members under 21 years of age, a service is medically necessary if it is necessary to correct or ameliorate defects and physical and mental illnesses or conditions under the federal Early and Periodic Screening, Diagnostic and Treatment (EPSDT) benefit. This includes care that is necessary to fix or help relieve a physical or mental illness or condition, or maintain the member's condition to keep it from getting worse.

Medically necessary services do not include:

- Treatments that are untested or still being tested
- Services or items not generally accepted as effective
- Services outside the normal course and length of treatment or services that don't have clinical guidelines
- Services for caregiver or provider convenience

L.A. Care will coordinate with other programs to ensure that you receive all medically necessary services, even if those services are covered by another program and not L.A. Care.

Medically necessary services include covered services that are reasonable and necessary to:

- Protect life;
- Prevent significant illness or significant disability;
- Alleviate severe pain;
- Achieve age-appropriate growth and development; and
- Attain, maintain, and regain functional capacity.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at [lacare.org](https://www.lacare.org).

For Members less than 21 years of age, medically necessary services include all covered services, identified above, and any other necessary health care, diagnostic services, treatment, and other measures to correct or ameliorate defects and physical and mental illnesses and conditions, as required by the federal Early and Periodic Screening, Diagnostic and Treatment (EPSDT) benefit.

EPSDT provides a broad range of prevention, diagnostic, and treatment services for low-income infants, children and adolescents under age 21. The EPSDT benefit is more robust than the benefit for adults and is designed to assure that children receive early detection and care, so that health problems are averted or diagnosed and treated as early as possible. The goal of EPSDT is to assure that individual children get the health care they need when they need it – the right care to the right child at the right time in the right setting.

L.A. Care will coordinate with other programs to ensure that you receive all medically necessary services, even if those services are covered by another program and not L.A. Care.

Your PCP or mental health provider may make a referral for additional mental health screening to a specialist within the L.A. Care network to determine your level of impairment. Emergency services

Inpatient and outpatient services needed to treat a medical emergency

L.A. Care covers all services that are needed to treat a medical emergency that happens in the U.S. (including territories such as Puerto Rico, U.S. Virgin Islands, etc.) or requires you to be in a hospital in Canada or Mexico. A medical emergency is a medical condition with severe pain or serious injury. The condition is so serious that, if it does not get immediate medical attention, a prudent layperson could expect it to result in:

- Serious risk to your health; **or**
- Serious harm to bodily functions; **or**
- Serious dysfunction of any bodily organ or part; **or**
- In the case of a pregnant woman in active labor, meaning labor at a time when either of the following would occur:
 - There is not enough time to safely transfer you to another hospital before delivery.
 - The transfer may pose a threat to your health or safety or to that of your unborn child.

If a hospital emergency room provider gives you a prescription that you have to take to an outpatient pharmacy to be filled, Medi-Cal Rx will be responsible for the coverage of that prescription.

If a pharmacist at an outpatient pharmacy gives you an emergency supply of a medication, that emergency supply will be covered by Medi-Cal Rx and not L.A. Care. Have the pharmacy call Medi-Cal Rx at 800-977-2273 if they need help in giving you an emergency medication supply.

Emergency transportation services

L.A. Care covers ambulance services to help you get to the nearest place of care in emergency situations. This means that your condition is serious enough that other ways of getting to a place of care could risk your health or life. No services are covered outside the U.S., except for emergency services that require you to be in the hospital in Canada or Mexico. If you receive emergency ambulance services in Canada and Mexico and you are not hospitalized during that episode of care, your ambulance services will not be covered by L.A. Care.

Palliative care

Palliative care is patient and family-centered care that improves quality of life by anticipating, preventing and treating suffering. Palliative care does not require the member to have a life expectancy of six months or less. Palliative care may be provided at the same time as curative care.

To qualify for the PPCE program, your doctor must confirm your diagnosis of a maternal mental health condition within 150 days after the end of pregnancy. BHT services teach skills using behavioral observation and reinforcement, or through prompting to teach each step of a targeted behavior. BHT services are based on reliable evidence and are not experimental. Examples of BHT services include behavioral interventions, cognitive behavioral intervention packages, comprehensive behavioral treatment and applied behavioral analysis.

BHT services must be medically necessary, prescribed by a licensed doctor or psychologist, approved by the plan, and provided in a way that follows the approved treatment plan.

Transportation benefits for situations that are not emergencies

You are entitled to medical transportation if you have medical needs that don’t allow you to use a car, bus or taxi to your appointments. Medical transportation can be provided for covered services such as medical, dental, mental health, substance use, and pharmacy appointments. If you need medical transportation, you can request this by speaking to your doctor. Your doctor will decide the correct type of transportation to meet your needs. If they find that you need medical transportation, they will prescribe it by completing a form and submit it to L.A. Care. Once approved, the approval is good for one year depending on the medical need. Additionally, there are no limits for how many rides you can get. Your doctor will need to reassess your medical need for medical transportation and re-approve every 12 months.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

Medical transportation is an ambulance, litter van, wheelchair van or air transport. L.A. Care allows the lowest cost medical transportation for your medical needs when you need a ride to your appointment. That means, for example, if you can physically or medically be transported by a wheelchair van, L.A. Care will not pay for an ambulance. You are only entitled to air transport if your medical condition makes any form of ground transportation impossible.

Medical transportation must be used when:

- It is physically or medically needed as determined with a written authorization by a doctor or other provider because you are not able to physically or medically able to use a bus, taxi, car or van to get to your appointment.
- You need help from the driver to and from your residence, vehicle or place of treatment due to a physical or mental disability.

To ask for medical transportation that your doctor has prescribed for non-urgent (routine) appointments, please call L.A. Care at **1-888-839-9909 (TTY 711)** at least 2 business days (Monday-Friday) before your appointment. For urgent appointments, please call as soon as possible. Please have your member ID card ready when you call.

Limits of medical transportation: L.A. Care provides the lowest cost medical transportation that meets your medical needs to the closest provider from your home where an appointment is available. Medical transportation will not be provided if the service is not covered by Medi-Cal. If the appointment type is covered by Medi-Cal but not through the health plan, L.A. Care will help you schedule your transportation. A list of covered services is in this Member Handbook. Transportation is not covered outside of the network or service area unless pre-authorized by L.A. Care. For more information or to ask for medical transportation, please call L.A. Care at **1-888-839-9909 (TTY 711)**.

Cost to member: There is no cost when transportation is arranged by L.A. Care.

Coordinated Care Initiative (CCI) benefits

The California Coordinated Care Initiative (CCI) works to improve care coordination for dual eligibles (people who qualify for both Medi-Cal and Medicare). CCI has two main parts:

Cal MediConnect

The Cal MediConnect program aims to improve care coordination for beneficiaries dually eligible for Medicare and Medi-Cal. It lets them enroll in a single plan to manage all of their benefits, instead of having separate Medi-Cal and Medicare plans. It also aims for high-quality care that helps people stay healthy and in their homes for as long as possible.

If you are enrolled in L.A. Care's Cal MediConnect program, the plan covers:

- A network of providers working together for you
- A personal care coordinator who will make sure you get the care and support you need
- A customized review of your health needs and care plan

Institutional Long-Term Care

L.A. Care covers long-term care for the month you enter a facility and the month after that. L.A. Care does not cover long-term care if you stay longer.

FFS Medi-Cal covers your stay if it lasts longer than the month after you enter a facility. To learn more, call **Member Services** at **1-888-839-9909** (TTY **711**).

Managed Long-Term Services and Supports (MLTSS)

Individuals dually eligible for Medicare and Medi-Cal or Seniors or Persons with Disabilities (SPD) enrolled in Medi-Cal only must join a Medi-Cal managed care plan to receive their Medi-Cal benefits, including MLTSS and Medicare wrap-around benefits.

Enhanced Care Management

L.A. Care covers Enhanced Care Management (ECM) services for members with highly complex needs. ECM is a benefit that provides extra services to help you get the care you need to stay healthy. It coordinates the care you get from different doctors. ECM helps coordinate primary care, acute care, behavioral health, developmental, oral health, community-based long-term services and supports (LTSS), and referrals to available community resources.

If you qualify, you may be contacted about ECM services. You can also call L.A. Care to find out if and when you can receive ECM. Or talk to your health care provider who can find out if you qualify for ECM and when and how you can receive it.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at [lacare.org](https://www.lacare.org).

Covered ECM services

If you qualify for ECM, you will have your own care team, including a care coordinator. This person will talk to you and your doctors, specialists, pharmacists, case managers, social services providers and others to make sure everyone works together to get you the care you need. A care coordinator can also help you find and apply for other services in your community. ECM includes:

- Outreach and engagement
- Comprehensive assessment and care management
- Enhanced coordination of care
- Health promotion
- Comprehensive transitional care
- Member and family support services
- Coordination and referral to community and social supports

To find out if ECM may be right for you, talk to your L.A. Care representative or health care provider.

Cost to member

Community Supports

Community Supports, may be available under your Individualized Care Plan. Community Supports is medically appropriate and cost-effective alternative services or settings to those covered under the Medi-Cal State Plan. These services are optional for Members to receive. If you qualify, these services may help you live more independently. They do not replace benefits that you already get under Medi-Cal. Community Supports may include help finding or keeping housing, medically-tailored meals, or other help for you or your caregiver. If you need help or would like to find out what Community Supports may have available for you, call **1-888-839-9909** (TTY **711**) or call your health care provider.

Major Organ Transplant***Transplants for children under age 21***

State law requires children who need transplants to be referred to the California Children's Services (CCS) program to see if the child is eligible for CCS. If the child is eligible for CCS, CCS will cover the costs for the transplant and related services. If the child is not eligible for CCS, then L.A. Care will refer the child to a qualified transplant center for evaluation. If the transplant center confirms the transplant would be needed and safe, L.A. Care will cover the transplant and related services.

Transplants for adults age 21 and older

If your doctor decides you may need a major organ transplant, L.A. Care will refer you to a qualified transplant center for an evaluation. If the transplant center confirms a transplant is needed and safe for your medical condition, L.A. Care will cover the transplant and other related services.

Other Medi-Cal programs and services

Other services you can get through Fee-For-Service (FFS) Medi-Cal or other Medi-Cal programs

Sometimes L.A. Care does not cover services, but you can still get them through FFS Medi-Cal or other Medi-Cal programs. L.A. Care will coordinate with other programs to ensure that you receive all medically necessary services, even if those services are covered by another program and not L.A. Care. This section lists some of these services. To learn more, call **Member Services** at **1-888-839-9909** (TTY **711**).

Outpatient prescription drugs

Prescription drugs covered by Medi-Cal Rx

Prescription drugs given by a pharmacy are covered by Medi-Cal Rx, a Medi-Cal FFS program. Some drugs given by a provider in an office or clinic may be covered by L.A. Care. Your provider can prescribe you drugs that are on the Medi-Cal Rx Contract Drugs List.

Sometimes, a drug is needed and is not on the Contract Drug List. These drugs will need to be approved before they can be filled at the pharmacy. Medi-Cal Rx will review and decide these requests within 24 hours.

- A pharmacist at your outpatient pharmacy or hospital emergency room may give you a 72-hour emergency supply if they think you need it. Medi-Cal Rx will pay for the emergency medication supply given by an outpatient pharmacy.
- Medi-Cal Rx may say no to a non-emergency request. If they say no, they will send you a letter to tell you why. They will tell you what your choices are. See the “Complaints” section in Chapter 6 Reporting and solving problems for more information.

To find out if a drug is on the Contract Drug List or to get a copy of the Contract Drug List, call Medi-Cal Rx at **800-977-2273** (TTY **800-977-2273** and press 5 or **711**), visit the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>.

You can find a list of pharmacies that work with Medi-Cal Rx in the Medi-Cal Rx Pharmacy Directory at <https://medi-calrx.dhcs.ca.gov/home/>. You can also find a pharmacy near you or a pharmacy that can mail your prescription to you by calling Medi-Cal Rx at **800-977-2273** (TTY **800-977-2273** and press 5 or **711**).

If you have any questions about your prescription, make sure you ask the pharmacist.

Members may also receive transportation services from L.A. Care to get to pharmacies. To learn more about transportation services, read “Transportation benefits” in this handbook.

California Children's Services (CCS)

CCS is a Medi-Cal program that treats children under 21 years of age with certain health conditions, diseases or chronic health problems and who meet the CCS program rules. If L.A. Care or your PCP believes your child has a CCS-eligible condition, they will be referred to the CCS county program to be assessed for eligibility.

County CCS program staff will decide if your child qualifies for CCS services. L.A. Care does not decide CCS eligibility. If your child qualifies to get this type of care, CCS providers will treat him or her for the CCS condition. L.A. Care will continue to cover the types of service that do not have to do with the CCS condition such as physicals, vaccines and well-child checkups.

L.A. Care does not cover services provided by the CCS program. For CCS to cover these services, CCS must approve the provider, services and equipment.

CCS does not cover all health conditions. CCS covers most health conditions that physically disable or that need to be treated with medicines, surgery or rehabilitation (rehab). CCS covers children with health conditions such as:

- Congenital heart disease
- Cancers
- Tumors
- Hemophilia
- Sickle cell anemia
- Thyroid problems
- Diabetes
- Serious chronic kidney problems
- Liver disease
- Intestinal disease

- Hearing loss
- Cataracts
- Cerebral palsy
- Seizures under certain circumstances
- Rheumatoid arthritis
- Muscular dystrophy

Medi-Cal pays for CCS services. If your child is not eligible for CCS program services, they will keep getting medically necessary care from L.A. Care.

- An **appeal** is when you don't agree with L.A. Care's decision to change your services or to not cover them

You have the right to file grievances and appeals with L.A. Care to tell us about your problem. This does not take away any of your legal rights and remedies. We will not discriminate or retaliate against you for complaining to us. Letting us know about your problem will help us improve care for all members.

You should always contact L.A. Care first to let us know about your problem. You can file a complaint at any time by phone, in writing or online. Call us 24 hours a day, 7 days a week, including holidays at **1-888-839-9909** (TTY **711**) or go to lacare.org.

If your grievance or appeal is still not resolved after 30 days, or you are unhappy with the result, you can call the California Department of Managed Health Care (DMHC) and ask them to review your complaint or conduct an Independent Medical Review. You can call the DMHC at **1-888-466-2219** (TTY **1-877-688-9891** or **711**) or visit the DMHC website for more information: <https://www.dmhc.ca.gov>.

Appeals

An appeal is different from a complaint. An appeal is a request for us to review and change a decision we made about your service(s). If we sent you a Notice of Action (NOA) letter telling you that we are denying, delaying, changing or ending a service(s), and you do not agree with our decision, you can ask us for an appeal. Your PCP or other provider can also ask us for an appeal for you with your written permission.

You must ask for an appeal within 60 days from the date on the NOA you got from us. If we decided to reduce, suspend, or stop a service(s) you are getting now, you can continue getting that service(s) while you wait for your appeal to be decided. This is called Aid Paid Pending. To receive Aid Paid Pending, you must ask us for an appeal within 10 days from the date on the NOA or before the date we said your service(s) will stop, whichever is later. When you request an appeal under these circumstances, the service(s) will continue.

You can file an appeal by phone, in writing or online:

- **By phone:** Call **Member Services** at **1-888-839-9909** (TTY **711**) 24 hours a day, 7 days a week, including holidays. Give your name, health plan ID number and the service you are appealing.
- **By mail:** Call **Member Services** at **1-888-839-9909** (TTY **711**) and ask to have a form sent to you. When you get the form, fill it out. Be sure to include your name, health plan ID number and the service you are appealing.

Mail the form to:

L.A. Care Health Plan
Appeals and Grievances Department
1055 W. 7th Street, 10th Floor
Los Angeles, CA 90017

- **Online:** Visit the L.A. Care website. Go to lacare.org.

If you need help asking for an appeal or with Aid Paid Pending, we can help you. We can give you free language services. Call **Member Services** at **1-888-839-9909** (TTY **711**).

Within 5 days of getting your appeal, we will send you a letter telling you we got it. Within 30 days, we will tell you our appeal decision and send you a Notice of Appeal Resolution (NAR) letter. If we do not provide you with our appeal decision within 30 days, you can request a State Hearing and an IMR. But if you ask for a State Hearing first, and the hearing has already happened, you cannot ask for an IMR. In this case, the State Hearing has final say.

If you or your doctor wants us to make a fast decision because the time it takes to decide your appeal would put your life, health or ability to function in danger, you can ask for an expedited (fast) review. To ask for an expedited review, call **Member Services** at **1-888-839-9909** (TTY **711**). We will make a decision within 72 hours of receiving your appeal about.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

What to do if you do not agree with an appeal decision

If you requested an appeal and got a NAR letter telling you we did not change our decision, or you never got a NAR letter and it has been past 30 days, you can:

- Ask for a **State Hearing** from the California Department of Social Services (CDSS), and a judge will review your case.
- File an Independent Medical Review/Complaint form with the Department of Managed Health Care (DMHC) to have L.A. Care's decision reviewed or ask for an **Independent Medical Review (IMR)** from the DMHC. During DMHC's IMR and an outside doctor who is not part of L.A. Care will review your case. DMHC's toll-free telephone number is **1-888-466-2219** and the TTY line is **1-877-688-9891**. You can find the Independent Medical Review/Complaint form and instructions online at the DMHC's website: <https://www.dmhca.gov>.

You will not have to pay for a State Hearing or an IMR.

You are entitled to both a State Hearing and an IMR. But if you ask for a State Hearing first, and the hearing has already happened, you cannot ask for an IMR. In this case, the State Hearing has the final say.

The sections below have more information on how to ask for a State Hearing and an IMR.

Complaints and appeals related to Medi-Cal Rx pharmacy benefits are not handled by L.A. Care.

You can submit complaints and appeals about Medi-Cal Rx pharmacy benefits by calling **800-977-2273** (TTY **800-977-2273** and press 5 or **711**). However, complaints and appeals related to pharmacy benefits not subject to Medi-Cal Rx may be eligible for an Independent Medical Review.

If you do not agree with a decision related to your Medi-Cal Rx pharmacy benefit, you may ask for a State Hearing. Medi-Cal Rx pharmacy benefit decisions are not subject to the IMR process with the DMHC.

Complaints and Independent Medical Reviews (IMR) with the Department of Managed Health Care

An IMR is when an outside doctor who is not related to your health plan reviews your case. If you want an IMR, you must first file an appeal with L.A. Care. If you do not hear from your health plan within 30 calendar days, or if you are unhappy with your health plan's decision, then you may request an IMR. You must ask for an IMR within 6 months from the date on the notice telling you of the appeal decision but you only have 120 calendar days to request a State Hearing so if you want an IMR and a State hearing file your complaint as soon as you can. Remember, if you ask for a State Hearing first, and the hearing has already happened, you cannot ask for an IMR. In this case, the State Hearing has the final say.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

You may be able to get an IMR right away without filing an appeal first. This is in cases where your health problem is urgent.

If your complaint to DMHC does not qualify for an IMR, DMHC will still review your complaint to make sure L.A. Care made the correct decision when you appealed its denial of services. L.A. Care has to comply with DMHC's IMR and review decisions.

Here is how to ask for an IMR. The term "grievance" is for "complaints" and "appeals":

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at L.A. Care **Member Services** at **1-888-839-9909** (TTY **711**) and use your health plan's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (**1-888-466-2219**) and a TDD line (**1-877-688-9891**) for the hearing and speech impaired. The department's internet website <https://www.dmhc.ca.gov/> has complaint forms, IMR application forms and instructions online.

State Hearings

A State Hearing is a meeting with people from the California Department of Social Services (CDSS). A judge will help to resolve your problem or tell you that we made the correct decision. You have the right to ask for a State Hearing if you have already asked for an appeal with us and you are still not happy with our decision, or if you did not get a decision on your appeal after 30 days.

You must ask for a State Hearing within 120 calendar days from the date on our NAR letter. However, if we gave you Aid Paid Pending during your appeal, and you want it to continue until there is a decision on your State Hearing, you must ask for a State Hearing within 10 days of our NAR letter, or before the date we said your service(s) will stop, whichever is later. If you need help making sure Aid Paid Pending will continue until there is a final decision on your State Hearing, contact L.A. Care **Member Services** 24 hours a day, 7 days a week, including holidays by calling **1-888-839-9909** (TTY **711**). If you cannot hear or speak well, please call **711**. Your PCP can ask for a State Hearing for you with your written permission.

Sometimes you can ask for a State Hearing without completing our appeal process.

Call member services at **1-888-839-9909** (TTY **711**).

L.A. Care is here 24 hours a day, 7 days a week, including holidays. The call is toll free. Or call the California Relay Line at **711**. Visit online at lacare.org.

For example, you can request a State Hearing without having to complete our appeal process, if we did not notify you correctly or on time about your service(s). This is called Deemed Exhaustion. Here are some examples of Deemed Exhaustion:

- We did not make a NOA letter available to you in your preferred language.
- We made a mistake that affects any of your rights.
- We did not give you a NOA letter.
- We made a mistake in our NAR letter.
- We did not decide your appeal within 30 days. We decided your case was urgent, but did not respond to your appeal within 72 hours.

You can ask for a State Hearing by phone or mail.

- **By phone:** Call the CDSS Public Response Unit at **1-800-952-5253** (TTY **1-800-952-8349** or **711**).
- **By mail:** Fill out the form provided with your appeals resolution notice. Send it to:

California Department of Social Services
State Hearings Division
P.O. Box 944243, MS 09-17-37
Sacramento, CA 94244-2430

If you need help asking for a State Hearing, we can help you. We can give you free language services. Call **Member Services** at **1-888-839-9909** (TTY **711**).

At the hearing, you will give your side. We will give our side. It could take up to 90 days for the judge to decide your case. L.A. Care must follow what the judge decides.

If you want the CDSS to make a fast decision because the time it takes to have a State Hearing would put your life, health or ability to function fully in danger, you or your PCP can contact the CDSS and ask for an expedited (fast) State Hearing. CDSS must make a decision no later than 3 business days after it gets your complete case file from L.A. Care.

Notice about laws

Many laws apply to this Member Handbook. These laws may affect your rights and responsibilities even if the laws are not included or explained in this handbook. The main laws that apply to this handbook are state and federal laws about the Medi-Cal program. Other federal and state laws may apply too.

Notice about Medi-Cal as a payer of last resort other health coverage and tort recovery

The Medi-Cal program complies with state and federal laws and regulations relating to the legal liability of third parties for health care services to members. L.A. Care will take all reasonable measures to ensure that the Medi-Cal program is the payer of last resort.

Medi-Cal members may have other health coverage (OHC), also referred to as private health insurance. As a condition of Medi-Cal eligibility, you must apply for and/or retain any available OHC when there is no cost to you.

Federal and state laws require Medi-Cal members to report OHC and any changes to OHC. If you do not report OHC promptly, you may have to repay DHCS for any benefits paid erroneously. Submit your OHC online at <http://dhcs.ca.gov/OHC>. If you do not have access to the internet, OHC can be reported to your health plan, or by calling **1-800-541-5555** (TTY **1-800-430-7077** or **711**; inside California), or **1-916-636-1980** (outside California). DHCS has the right and responsibility to collect for covered Medi-Cal services for which Medi-Cal is not the first payer. For example, if you are injured in a car accident or at work, auto or workers' compensation insurance may have to pay first, or reimburse Medi-Cal.

If you are injured, and another party is liable for your injury, you or your legal representative must notify DHCS within 30 days of filing a legal action or a claim. Submit your notification online:

- Personal Injury Program at <http://dhcs.ca.gov/PI>
- Workers Compensation Recovery Program at <http://dhcs.ca.gov/WC>

Notice about estate recovery

The Medi-Cal program must seek repayment for the estates of certain deceased Medi-Cal members from payments made, including managed care premiums for nursing facility services, home and community-based services, and related hospital and prescription drug services provided to the deceased Medi-Cal member on or after the member's 55th birthday. If a deceased member does not leave an estate or owns nothing when they die, nothing will be owed.

To learn more about the estate recovery, go to <http://dhcs.ca.gov/er>. Or call **1-916-650-0490** or get legal advice.

If you disagree with the plan's decision, you can always file an appeal with L.A. Care. See the Appeals section above for important information on filing your appeal. When L.A.
